Canada Takes Lease On Part of Nfld.

OTTAWA (CP)—Under strategic defence arrangements outlined this afternoon in the Commons by Justice Minister St. Laurent, Canada has a 99-year lease on Goose Bay, Labrador, air base, may use the primarily civilian Torbay, Nfd., airport for military purposes and may take ver control of Gander, Nfd., airport in case of emergency.

Gunman Escapes

VANCOUVER (CP) — A man pulled a revolver on Police Constable J. C. Langton in downtown Vancouver today and escaped after he had been seized for trying to pass a worthless cheque. The incident occurred at Harvey and Gorrie's, auctioneers.

Wheat Acreage Up

REGINA (CP)—A total wheat acreage in Saskatchewan for 1946 of 14,100,000 acres, an increase of 3.6 per cent over the area sown last year—is the estimate of Saskatchewan Pool Elevators Ltd., released today. The report says good progress has been made in seeding the 1946 crop.

Pleads Not Guilty

WINNIPEG (CP) — A plea of not guilty was entered in an assize court here today by Mrs. Margaret E. Knight, 38, when arraigned before Mr. Justice A. K. Dysart on a charge of murdering her husband, 42-year-old Henry M. Knight, during a scuffle at their home here March 30.

150,000 Tons Short

WASHINGTON (AP)—Acting Secretary of State Acheson announced today the United States is 150,000 tons short on its famine relief exports of wheat for the first week in May. He suggested the Agriculture Department be asked for an explanation.

To Vote On Bases

WASHINGTON (AP) — The U.S. Senate agreed this afternoon to vote tomorrow on a proposal to make the projected $3,750,000,000 British loan contingent on the British giving the U.S. title to Caribbean bases now held under 99-year leases.

9 Greeks Slain

ATHENS (AP)—A spokesman for the Ministry of Public Order said today nine persons were killed in northern Greece within the last two days by Communist and autonomist bands. He attributed the slayings to what he described as increased, co-ordinated terrorist activity in that area.

Costly Question

OTTAWA (CP)—The War Expenditures committee of the Commons—watching expenses—was told today one of its own questions to the army had cost about $4,000 for an answer. Capt. Probe, explaining, said he had asked for a breakdown of army vehicles turned over to the War Assets Corporation up to April 30 and that his question had been misunderstood and too fully answered.

Longshoremen Meet

SEATTLE (AP) — With delegates attending from Tacoma, Vancouver, Victoria, San Francisco, Port Angeles and Anacortes, the 37th annual convention of the International Longshoremen's Union (A.F.L.) is under way here. President Vernon Pierce of Anacortes is in the chair.

SUNBURY-ON-THAMES, Eng. (CP) — Commissioner Benjamin Orames of Toronto, head of the Salvation Army in Canada, was one of seven high-ranking officers nominated for the world leadership of the Salvation Army at an army conference here today. Catherine Bramwell-Booth of London, granddaughter of the founder of the Salvation Army, also was nominated.

6th Texarkana Slaying

TEXARKANA, Ark. (AP) — The mutilated body of a man was discovered on railroad tracks near Texarkana today and a coroner said the death was suspected as the Texarkana area's sixth slaying in six weeks.

Dr. Frank C. Engler, coroner of Little River County, Ark., said the man was identified as Earl Cliff McSpadden. Coroner F. C. Engler said he was dead before the body was placed on the tracks.

Badly Battered Death Car Hauled From River

With the rear end smashed beyond recognition, the car which carried eight Victoria people, four adults and four children to their death when it careened through the guard rail of Nanaimo River Bridge near Cassidy last Friday midnight, after it was taken from the river late Monday afternoon by a salvage crew. Damages to the car indicated it somersaulted after going through the bridge railing, landed on the rocks below and fell into the river. It was found 75 feet below the bridge in 40 feet of water. See Page 14 for other pictures.

Dianne Sleen, age six, eldest of the four children killed.

Inquest Set For Tomorrow On Auto Tragedy Victims

Eight victims of the Nanaimo River Bridge car crash last Friday midnight were identified late Monday afternoon after the automobile was found in 40 feet of water 75 feet below the point where it struck the swirling river.

An inquest on the four adults and four children, will be held at the Court House in Nanaimo Thursday morning at 11, Coroner W. H. Jones announced. Five or six witnesses are expected to give evidence.

The dead were identified as follows:

Mr. and Mrs. Earl R. Sleen, 641 Ardersier Road, Saanich, and their four children, Dianne, six; Denice, nearly five; Derrick, three, and Douglas, one. Earl Sleene was 28 years old, and his wife, Jessie Carolina, 24.

Orin A. Sleen, 27, a brother of Earl, 732 Yates Street, B.C. Electric Railway Company bus and streetcar driver.

Mrs. Kathleen Wyatt, 2925 Tillicum Road, a friend of the Sleen's.

Identification of the bodies was made by the father of Mrs. Sleen, Henry Avison, Pandora Avenue, and a friend of the family who also knew Mrs. Wyatt, James Clark, 319 Chester Avenue.

Mr. Avison, who is a doorman at the Atlas Theatre, went to the scene of the accident Monday morning. It is understood he is remaining at Nanaimo until after the inquest.

Funeral arrangements have not been completed but the bodies are expected to be brought to Victoria Friday morning.

After numerous attempts to find the ill-fated car Saturday afternoon, divers of the Pacific Salvage Company here halted operations until Monday when heavy equipment was put to use in the fast-running river.

Four minutes after he descended Monday into the swirling river, diver Harold Lang of Victoria found the car, and phoned from the bed of the river to the crew above that there were five or six bodies in the machine, one door of which was open.

Derrick Sleen, age nearly five, who died with family.

Orin Sleen, brother of car owner, also one of victims.

Against Jagged Bank Of River

Lang found the car, a 1941 grey-colored Hudson sedan, in an upright position lodged against a ledge of the jagged bank of the river.

Four of the bodies were removed and brought to the surface before the car was hoisted out by two army trucks. The remaining four bodies were brought out later.

Bodies of two of the children were found beside the car lying on the river bed. It is believed they were thrown out of the open front door.

The Sleen brothers came to Victoria from the prairies. Their father lives in Calgary and their mother, remarried, in California. Earl was a taxi driver in Victoria and recently had purchased the car which carried them to death, to go into the taxi business on his own. Orin drove an Esquimalt bus of the B.C. Electric Company, and also operated street cars on various routes.

Earl and his wife Jessie were married in Vancouver and shortly afterwards came to Victoria. Both he and his brother served some years in the army, receiving their discharges on medical grounds.

Mrs. Wyatt, eighth victim, lived with her mother and stepfather, Mr. and Mrs. Fred Martin at 2925 Tillicum Road. Her husband, Petty Officer H. Wyatt, stationed with navy at Esquimalt, went to the scene of the crash Monday.

Salvage operations of the death car attracted hundreds of spectators who lined the banks of the river watching the work of the 10-man diving crew. The Nanaimo bus and other traffic on the road was held up for an hour while the smashed automobile was hauled out of the river.

British Columbia Police, who were in charge of the salvage work, reported that all four tires of the death car were inflated, showing that the accident was not caused by a blow-out. They were unable to give any reason for the crash, stating that the approach to the bridge is straight.

Fall Session Out To Effect New Taxes

Belief that British Columbia could re-enter the income and corporation tax field without calling a special session of the B.C. Legislative Assembly this fall was expressed today by Finance Minister Herbert Anscomb, acting Premier in the absence of Premier John Hart.

Mr. Anscomb returned Monday night from Ottawa where he had attended the Dominion-Provincial Conference discussions which broke up last Friday.

Mr. Anscomb said British Columbia's agreement with the Dominion overnment, which turned over to the Dominion the income and corporation tax in 1942 for the duration of the war, would continue until next March 31. He believed the Legislature at the regular spring session could effect the necessary legislation to provide for collecting the taxes again.

During the war the province received a fixed sum, in excess of $12,000,000, in lieu of the taxes.

While Mr. Anscomb gave no indication of what, if any, arrangements might be made between the province and the federal government to collect income and corporation taxes, it had been suggested previously that the federal government, while collecting income and corporation taxes, might agree to collect the province's share at the same time. This would eliminate duplication of collection agencies.

M.P. Given Right To Separate Trials

MONTREAL (CP) — Mr. Justice Wilfrid Lazure granted in the Court of King's Bench here today a motion by defence counsel for Fred Rose for separate trials on chargs of violating the Official Secrets Act and of conspiracy, but rejected a motion asking particulars of the espionage charge.

The conspiracy charge will be heard first.

Rose, Labor-Progressive M.P. for Montreal-Cartier, is charged with unlawfully communicating information to the Soviet Union and with conspiring to communicate such information. The motions on his behalf were presented by Joseph Cohen, K.C.

Mr. Justice Lazure gave his ruling after lengthy legal argument and Valmore Bienvenue, K.C., also acting for Rose, then asked that the trials be delayed until the next King's Bench Court assizes.

Rose, free on $25,000 bail, is scheduled to appear for trial May 20.

New Price Order Hits Used Auto Black Marketing

OTTAWA (CP)—The Prices Board today launched a "determined effort to stamp out black market operations" in used cars and announced a six-point order which it said would "make it impossible for either dealers or private sellers to charge illegal prices, if buyers will co-operate with the board."

The new order was issued with a warning that dealers' permits would be canceled when violations are proved.

It establishes the following regulations:

1. Dealers must sell used cars to any person offering to pay cash, and are prohibited from demanding an exchange or trade-in of any kind. (Previously dealers were compelled to sell only to holders of essentiality certificates).

2. Every used car offered for sale by a dealer must carry a tag showing the lawful price and model, model year and other particulars.

3. A used car in a dealer's possession which he has sold or on which he has received a deposit, must display a tag stating the car has been sold or optioned, date of the transaction and name and address of buyer. No car may be held on deposit or option longer than five days.

4. When used cars are delivered to dealers for repairs or storage, dealers must keep a written record of the name and address of the owner, together with particulars as to the identity of the car.

5. Each dealer must register with the nearest board office every car which he has for his personal use or as a service car.

6. Any person advertising a used car for sale must insert the proposed sale price, which must include cost of any option or accessory.

READY FOR ACTION

If buyers report demands for illegal prices to the nearest Prices Board office, "that office will see that he gets the car at the ceiling price." The statement emphasized that no one should buy a used car that is not tagged and, when purchasing, the buyer should insist the total price be inserted in the statement of sale which "must be signed by both at the time of the sale."

A staff of investigators had been organized at each board office and they would inspect premises of every dealer to insure the order was being obeyed, it was stated.

The board added that "if the buyer assists the black market, by deliberately buying above the ceiling and falsifying the statement of sale, he is as guilty as the seller and equally liable to prosecution."

Attlee Tells House British To Quit Egypt

LONDON (CP)—Britain proposed today to withdraw its armed forces from Egypt, a decision that provoked a challenge in the Commons from Conservative Leader Winston Churchill as "one of the most momentous I have heard in the House.

Prime Minister Attlee yielded to Mr. Churchill's insistence on "immediate debate," which was fixed for 7 o'clock tonight.

Mr. Attlee announced the government's decision briefly, asserting Britain intends to carry on negotiations for treaty revision with Egypt "as between two equal nations."

Mr. Churchill was interrupted by an uproar from the Labor benches when he declared that "after 60 years of diplomacy and administration . . ."

Communist Philip Piratin shouted "long enough!"

Mr. Churchill then finished his sentence ". . . things built up with great labor are cast away with great shame and folly."

STILL IN SUDAN

Under questioning by the former Prime Minister, Mr. Attlee said the announcement did not affect the Anglo-Egyptian Sudan. He said the Sudan was "a different matter altogether."

Mr. Churchill's voice quivered with anger as he demanded an immediate debate. All the Opposition members rose together to support the demand.

Informed sources said the proposed evacuation probably would be gradual, giving the Egyptians time to increase their armed forces and assume the role of protectors of the Suez Canal zone.

The British plan is believed to envisage the building and equipping of a strong Egyptian army, while withdrawing British troops to bases elsewhere in the Middle East.

Military observers, pointing to the emergence of new British strategy, reported that Gaza, in Palestine, might be a new base to which the 40,000 British troops normally stationed in Egypt would be withdrawn.

IN TRANSJORDAN

The recently concluded alliance with Emir Abdullah also grants Britain the right to maintain troops in Transjordan. The R.A.F. also has been granted bases west of the Euphrates in Iraq.

Transfers, when completed, would place British troops at vantage points in the area now disturbed by Arab protests against proposals to open Palestine to further Jewish immigration.

The British offer to withdraw was contingent on negotiations for a new Anglo-Egyptian treaty of alliance. The present one is set to run until 1956.

Understanding With Russia Only Hope For Peace, Says Churchill

LONDON (CP) — The City of Westminster, administrative capital of England since the 12th century, today welcomed 20th century Winston Churchill as its first honorary freeman in a colorful ritual of bygone days.

The wartime Prime Minister told the assembled dignitaries that "the supreme hope and prime endeavor" toward achieving lasting peace "is to reach a good and faithful understanding with Soviet Russia through the agency and organism of the United Nations."

THE ONLY WAY

"Only in this way can catastrophe be avoided," he said.

He asked the world to ponder "what happens if the United Nations themselves are sundered by an awful schism, a clash of ideologies and passions?"

Failure to find an answer may lead the whole human race into a new period of misery, slaughter and abasement more agonizing and fatal than those which have twice been endured in the lifetime of most of us."

He called on "the English-speaking world and the western democracies of Europe to move together in creating a true fellowship with Russia."

"I hope in this world organization there will be a strong France and a revived Italy," he added. "France after all her troubles may lead Europe into peace and plenty."

At another point in his address the wartime leader said:

"Of France particularly I would say that without a full revival of the true greatness and culture of France there can be little prospect of restoring Europe to its former fame. In the darkest days I never lost faith in France. I feel confident that she has now a growing part to play in the peaceful establishment of a progressive western civilization and democracy."

USES QUILL PEN

Looking in the pink of health, Mr. Churchill entered white-fronted Church House, scene of the first session of the United Nations' Security Council, to the cheers of a crowd outside and received a more sedate welcome from the dignitaries gathered in the modern white-walled room in the shadow of Westminster Abbey where the House of Commons held emergency sessions during the war.

Tax Collections Down $99,871,081

OTTAWA (CP) — Revenue Minister McCann today announced the net total for income tax and customs and excise collections reached $2,266,710,191 for the 1945-46 fiscal year, a decline of $99,871,081 from the $2,366,581,272 collected during the previous year.

Income tax collection for the last quarter (January, February and March) of the 1945-46 fiscal year totaled $33,239,877, a decrease of $39,569,103 from the same period last year. Collections for the full fiscal year reached $1,453,373,330 or $102,440,892 less than collected in 1944-45.

11,000 Germans Still Held in Canada

LETHBRIDGE, Alta. (CP)—Between 10,000 and 12,000 German prisoners of war are still detained in Canada a year after their shattered fatherland surrendered unconditionally to the Allies, held in dozens of prisoners of war camps and labor projects scattered from interior British Columbia to eastern Canada.

Only about 2,500 of them are in Alberta, which once had 30,000 of the 35,000 former Nazi warriors brought to the Dominion for safe keeping.

Trunk Holding $3,950 Looted in Shipment

VANCOUVER (CP) — Disappearance of $3,950 in U.S. war bonds and postal savings certificates from a metal cash box in a trunk shipped by W. G. Ginther of Vancouver from Sarles, N.D., to Vancouver was being investigated today.

The loss was discovered after the trunk had cleared customs in Vancouver. Mr. Ginther said the trunk might have been looted while en route from Sarles.

The bonds, amounting to $3,350, were registered in the names of W. G. and Carrie A. Ginther. There were three savings certificates for $200 each.

Winnipeg Changes Time

WINNIPEG (CP) — At midnight May 12 Winnipeg will go on daylight saving time. A by-law, which will remain in effect until Oct. 13, was passed by the city council Monday night.

Large Canadian Industries May Close If U.S. Coal Strike Continues

TORONTO (CP)—Shutdown of large Canadian industries using soft coal was seen today as an imminent threat if no settlement of the United States coal strike is reached quickly.

Lack of shipments due to the six weeks' strike has reached the point where Canadian industries are seriously digging into their reserves. Most immediate threat to Canadian operations is in Great Lakes shipping, already curtailed and likely to break down completely within three weeks unless supplies are resumed.

Officials of the Consumers' Gas Company at Toronto said the company, using soft coal for gas production, "may be faced with a most serious situation" if the strike does not end soon.

Other industrial officials and coal dealers estimated generally there is enough reserve to keep going until the end of May at the outside. But if the strike is not settled within the next two or three days curtailment of operations is inevitable.

On the Great Lakes, merchant fleets carrying vital cargoes of grain from the prairies and moving steel and iron ore among a multitude of other essentials were dwindling rapidly.

Vessels have been tied up at lake ports from Kingston at the lower end of Lake Ontario to Port Arthur and Fort William, as stockpiles of coal dwindled along the piers.

Howard White, manager of the Century Coal Company, a subsidiary of Canada Steamship Lines, said two-thirds of the C.S.L. fleet is laid up for lack of coal.

LEWIS MEN MEET

WASHINGTON (AP)—In an atmosphere of tension and crisis, John L. Lewis assembled the policy committee of his United Mine Workers (A.F.L.) today to report on the status of negotiations for ending the 37-day-old soft coal strike in the United States.

Blue Baby Oneration Next Week-End

Janet, the Victoria "blue baby" who left for Johns Hopkins Hospital at Baltimore two weeks ago will undergo the operation to save her life next week-end.

J. B. Priestley, chairman of the Lions Club committee which raised $4,000 to send the little girl and her parents east, received this information today in a letter from Janet's mother.

She wrote that of five "blue babies" at Johns Hopkins for examination now only Janet was found to be the type for which a successful operation could be performed. Janet's mother told Mr. Priestley that a series of examinations including X-rays and blood counts were now complete.

Uptown Lions Club of Baltimore, she said, had been looking after the family during their stay. Members had presented them with a radio for use during their visit and had given Janet a large doll.

Premiers' Views Differ On Why Ottawa Conference Broke Down

By Canadian Press

Provincial Premiers returning from the Dominion-Provincial Conference at Ottawa today had conflicting views on the record as to failure of the conference to reach an agreement on proposals for a new federal-provincial financial set-up.

Premier Greoge Drew told a Kiwanis gathering at Port Stanley, Ont., near St. Thomas, that it was not through any fault of Ontario that the conference had failed to reach agreement. Mr. Drew said it was "not Ontario and Quebec alone who were unwilling to accept the Dominion's proposals."

Premier E. C. Manning of Alberta, returning to Edmonton, blamed adjournment of the conference on the attitude of Ontario and Quebec, plus the "uncompromising rigidity" of the federal answer to provincial proposals.

And Premier John Hart of British Columbia, stopping at Winnipeg en route home, said British Columbia was ready to discuss any compromise.

Premier Manning declared other factors could have been overcome if Ontario and Quebec had not adopted the attitude they did, and if the federal government's return offer had held some degree of compromise.

But Premier Drew said: "You may have heard suggestions that Ontario and Quebec made agreement difficult at Ottawa. It was not Ontario and Quebec alone who were unwilling to accept the Dominion's proposals. Nova Scotia, British Columbia, Alberta, all said emphatically that the proposals of the Dominion government were not acceptable. Every other province too raised some objections, but expressed a willingness to accept in the interests of Canada."

It was the specific promise of the federal government that when hostilities ceased, taxing powers in the personal and corporation income tax fields would be restored to the provinces, said Premier Drew.

No Eviction Order

PHILADELPHIA (AP) — "Snooky" can stay—and her 14 year-old crippled owner, Mary Joan Wetherby, and family will not be evicted from their apartment.

The Office of Price Administration denied a plea Friday by landlord Philip Shapiro, who asked that the Wetherby family be evicted or forced to dispose of their cat "Snooky" on the grounds that it "smelled."

An O.P.A. investigator found that: "Snooky definitely minds his own business and does not smell up the apartment."

June 7 Hinted For Seaman's Strike

OTTAWA (CP) — J. A. (Pat) Sullivan, president of the Canadian Seamen's Union (T.L.C.) announced today a tentative deadline of June 7 has been set for a strike to enforce the union's demands for reduction of the present 84-hour week on Canadian ships to 56 hours. He made the statement at a conference between union officers and a group of members of parliament.

While strike action hinges on a vote now being taken in the union membership C.S.U. representatives said results so far received "almost unanimous" in favor of a strike. It is expected the vote will be completed within a week or 10 days.

Reims, Where Nazis Surrendered Celebrates Anniversary Quietly

By G. K. HODENFIELD

REIMS (AP)—The city of Reims, where one year ago today Col.-Gen. Gustav Jodl scratched his name on a document which sent the European phase of the Second Great War into the archives of history, marked the first anniversary of the surrender quietly—with too few soldiers in town to hold a parade.

Citizens and soldiers observed the day mainly by visiting the surrender room in the "little red school house," the former "war room" of Supreme Headquarters, Allied Expeditionary Forces, which has become a French national shrine.

The room has been preserved exactly as it was at the moment of the German capitulation.

The war maps are there, the weather maps, railway maps and supply maps. A "lay-down" board lists air force missions of the following day. There is a chart of Allied casualties as of May 6, 1945, showing 122,072 killed in action, 468,276 wounded and 71,561 missing. Next to it is a chart in the form of a Nazi swastika, showing 4,035,051 German prisoners taken.

In the centre of the room is a long, scarred and begrimed table where the historic surrender document was signed. Placed around it are 13 straight-backed wooden chairs, with placards showing who occupied them.

Unless the visitor looks closely he is apt to miss a piece of paper pasted on the wall near a row of windows. The paper is the "top secret" war room daily summary, No. 335. It reads:

"Surrender. The German government surrendered unconditionally at Reims, France, at 02:41 hours 7 May, 1945. The instrument of surrender was signed by Lieut.-Gen W. Bedell Smith for the Supreme Commander and by General Oberst Gustav for the German government. Maj.-Gen. Ivan Susloparov signed as representative of the Russians, and Gen. Francois Sevez as representative of the French government. Hostilities officially cease at 23:01 hours, central European time."

Otherwise there is little to remind the visitor of the hustle and bustle of a year ago.

Reichsbank Used To Store Nazi Loot

NUERNBERG (AP)—The International Military Tribunal was told today that Walther Funk, by arrangement with Heinrich Himmler, turned the Reichsbank into a huge depository for gold teeth, spectacles, jewels, watches and other valuables seized from concentration camp victims.

Thomas Dodd, United States Prosecutor, showed a seven-minute motion picture made in the Reichsbank vaults at Frankfurt, where troops found scores of cases of such valuables a year ago.

Dodd also offered an affidavit by Emil Puhl, Reichsbank vice-president under Funk, in which Puhl was quoted as saying:

"In the summer of 1942 Funk told me he had arranged with Himmler for the Reichsbank to receive gold and jewels from the SS. I asked Funk the source of the gold and he replied it was confiscated property from the eastern occupied territories, but I should ask no further questions. Funk said we should go ahead but keep the matter absolutely secret. The gold was taken from Jews and concentration camp victims with Funk's approval and knowledge."

Funk, who now is presenting his defence, protested he had not seen such things in the Reichsbank vaults, that "many people had deposited valuables but the Reichsbank was not authorized to look into them."

Probe of Judiciary Wins Pulitzer Prize

NEW YORK (AP)—A 15-year-old investigation of judicial practices in the Pennsylvania federal court—resulting in the indictment of a former judge last September—won a Pulitzer prize Monday for the Scranton, Pa., Times.

The award, a $500 gold medal for "meritorious public service," largely was for the work of one man, assistant city editor George H. Martin, the Times said.

He was 23-year-old federal court reporter when he started digging into the case 15 years ago.

Nine writers, a cartoonist and a composer won $500 cash Pulitzer prizes for outstanding 1945 performances, the Columbia University trustees announced.

Colorful Spring Ball

Apple blossoms and colored streamers were used for decoration at the Strauss ball in the Crystall Garden. Ladies in their bright colored spring formals gave an added touch of color. A floor show was presented by Miss Ilace Roskelly and Trevor Lee, the outstanding number being "The Merry Widow Waltz." During the evening Rosemary, the Majorette Coffee Shop candidate for May Queen, was presented to the guests. The dance was convened by Miss Neida Hilditch, assisted by Mrs. Ada Roche. Entire proceeds will be used for the K.T.H. Veterans' Handicraft School.

Dickins, McConachie In New C.P.A.L. Jobs

MONTREAL (CP) — Grant W. G. McConachie of Edmonton, general manager of western lines for Canadian Pacific Air Lines and holder of the McKee Trophy for outstanding contribution to commercial flying in Canada during 1945, has been named assistant to the president of C.P. Air Lines, W. M. Neal, the president, announced today. His headquarters will be in Montreal.

In other appointments following this change in organization, C. H. (Punch) Dickins of Montreal, became general manager of eastern lines with headquarters at Montreal and the aerial survey division will report to him.

Carol Drake's favorite ways to cook chicken

Did you ever think of the many mouth-watering dishes that you can make with stewing hens? Below are some of our tested favorites for your taste approval.

FRICASSEED CHICKEN
Cut chicken in pieces, roll in flour and brown well in hot shortening. Cover with boiling water, add salt, pepper, chopped onion, parsley and celery leaves; cover and simmer until tender, about 2 hours. Add more hot water if necessary. Thicken liquid and serve over chicken.

SMOTHERED CHICKEN
Brown chicken as directed above, then place in casserole or baking pan. Add enough milk to half cover chicken, cover pan or dish and bake in moderate oven (350° F.) until chicken is tender, about 2 hours.

CHICKEN CURRY
Brown chicken as directed above. Cover with boiling water, add small chopped onion, celery, and 1 tbsp. curry powder with seasonings. Cook as for Fricasseed Chicken.

CHICKEN PIE
Cut chicken, place in large kettle and cover with boiling water, add 1 tbsp. salt and cook covered until tender, about 2 to 2½ hours. Cool, remove meat from bones. Measure 1½ cups of broth and combine with 1 cup milk and ½ cup thinly sliced celery. Make a paste of ½ cup milk, 5 tbsp. flour, and seasonings to taste. Add flour mixture to broth and cook until thickened, about 10 minutes, stirring constantly. Add chicken, 1 cup cooked peas and 1 cup cooked carrots; and simmer until thoroughly heated. Pour into heated casserole, top with biscuit rounds and bake in hot oven (450° F.) 15 minutes or until biscuits are lightly browned.

Truman Proposes All-American Plan For Defence Forces

WASHINGTON (AP) — President Truman asked Congress Monday for legislation authorizing a program of military collaboration with other American countries including the training, organization and equipment of the armed forces of those countries." Canada was specifically mentioned by the President in his proposal.

He transmitted the draft of a bill entitled, "The Inter-American Military Co-operation Act," and asked its enactment.

Declaring that the American republics have assumed new responsibilities for their mutual defence and maintenance of peace, he said it was "highly desirable to standardize military organization, training methods and equipment as has been recommended by the Inter-American Defence Board."

Commons Makes Little Progress In Debates On Loan, Farm Prices

OTTAWA (CP) — The Commons divided its attention Monday between the proposed $1,250,000,000 loan to Britain and the effect of the government price stabilization policy on farm production—and made little progress on either.

The loan discussion, arising during clause-by-clause study of the bill seeking ratification of the credit, reached into the intricacies of high international finance. Jean Francois Pouliot, Ind., Lib., Temiscouata, Que., aain expressed opposition to the bill.

Finance Minister Ilsley said the Canadian government does not consider the movement of Canadian securities to foreign countries large enough to warrant any move to stop it.

Mr. Ilsley said there was nothing to be alarmed about in the movement of Canadian securities to the United States and elsewhere. He did not know whether the sales of the securities to foreign countries would ever become alarming.

WHICH IS DESIRABLE?

"There is a broader question, whether it is desirable for Canadian securities to be owned by United States citizens under present conditions, or being in the hands of Canadian citizens under present conditions," said Mr. Ilsley.

M. J. Coldwell, C.C.F. leader, said efforts should be made to see that if Canadian securities in the United Kingdom passed out of the hands of their owners that they were turned into the hands of Canadians.

"I would like to have seen them put more or less as a pledge or collateral against this loan," said Mr. Coldwell.

Mr. Ilsley said that at the end of 1939 the British investments in Canada totaled about $2,500,000,000.

"Of these securities to the value of approximately $1,000,000,000 were repatriated or sold to Canada during the war," said Mr. Ilsley. "Of these, $700,000,000 represents the value of Dominion government securities and Canadian National Railways securities repatriated through official arrangements, and the balance were private sales and sales by the United Kingdom government in the Canadian market early in the war."

PRICE CEILINGS

The farm debate developed at the night sitting when John Bracken, Progressive Conservative leader, moved an amendment on a motion to go into committee of supply to study estimates His amendment stated the government's price ceiling policy was discouraging production and putting an unfair burden on the farmers.

Discussing the current beef shortage, Agriculture Minister Gardiner attributed it to the decision of Canadian packers that they would pay $10 less a head for cattle. This action had discouraged marketings and resulted in farmers holding their cattle back on the farms.

The minister noted that cattle now were coming back to market, indicating an end to the shortage of beef in Canadian butcher shops, as a result of prices moving back to their former levels.

Mr. Coldwell said there should be a difference in the price paid for cattle marketed in the spring and those sold in the fall because of the differences in production costs ,and added there was an impression the packing industry was a monopoly.

To Retire

COL. C. C. FERRIE

VANCOUVER (CP) — Former commander of the Seaforth Highlanders overseas, Col. Colin C. Ferrie, E.D., is retiring from the Canadian army, department of national defence officials announced Monday night.

Born in Halifax and educated at Hamilton and Victoria, Col. Ferrie joined the Seaforths in 1920 and went overseas in 1939 as second in command of the regiment. He was made commanding officer the following year.

Recalled to Canada in 1942, he assumed command of the Officers' Training Centre at Gordon Head and later was appointed to command the Vancouver defences. He became commandant at Prince Rupert in 1943, where he is serving at present.

Long Trail's End

EDMONTON (CP)—"Operation Muskox," which began a 3,100-mile trek through Canada's northwest Feb. 15 to test men and military machines under conditions of north, ended Monday when some 50 weary Canadian army men and their snowmobile caravan arrived in Edmonton, the last leg of their journey completed by train.

The trekkers, supplied from the air by the R.C.A.F., on their circular route from Churchill, Man., arrived aboard a train from Grande Prairie, Alta., 107 miles north of here.

Alcatraz Attempt Causes Boys' Break

MORPETH, Northumberland, Eng. (Reuter) — Officials here suggest last Thursday's attempted prison break at Alcatraz was responsible for the mass escape Monday of 35 boys from the Netherton training school here.

Thirty of the boys, between 16 and 18 years of age, were still at large when night came. They had been sent to the school by juvenile courts.

A. W. Carnegie, headmaster, said: "Nothing like this has ever happened before—the boys must have been reading about the Alcatraz affair. I am quite sure the whole thing was planned."

Do You Eat Too Much Rich Food?

Most People Do and Pay the Penalty!

Authorities say we would feel better and be healthier if we ate far less, particularly rich, fatty foods. Overeating, plus lack of exercise, often leads to an overloaded system—a dull, always tired feeling, and eventual "middle-age spread."

By taking gentle, all-vegetable Bile Beans nightly, many keep in trim despite a love for rich food. Bile Beans are so helpful to people who want to be youthfully active that over 7 million boxes were used last year. Ask your druggist for BILE BEANS—the British remedy that "Wakes Up Nature". 48

Eyes Of Europe On Election In Czechoslovakia May 26

By ROSS MUNRO

PRAGUE (CP) — Europe is carefully watching the general election campaign in Czechoslovakia, which will reach its climax May 26 when men and women of 18 years of age and up will elect a 300-member constituent assembly from candidates of the four permitted parties.

NOT PRESSED BY RUSSIA

This is Czechoslovakia's first free vote since the country's liberation one year ago and it will be a free vote. Czechoslovakia is no police state although it is in the dead centre of Europe between the conflicting ideologies of Russia and the Western Allies. Czech leaders are unanimous that Russia is not seeking to influence the election or Czech politics directly or indirectly.

Slav politics have the reputation of being completely unpredictable and Prague runs true to form with half a dozen "sure" forecasts on the results.

One of the most objective members of the government told the Canadian Press he thought the Communists and Czech Socialists would be about equal in the vote, followed by the People's Party, also called the Catholic Party, with the Social Democrats trailing.

At present all four parties share in the coalition government and they agree that regardless of how the election goes, the coalition will be continued. The top member of the leading party will become Prime Minister, a post now held by Zdenek Fierlinger, a Social Democrat and a supporter of Russia.

NEW COALITION

The new assembly will draft a new Czech constitution and the real parliament of the republic will be elected as soon as it becomes law. In this respect the situation here parallels France. Another similarity is the prominent position of the Communist Party, which claims more than 1,000,000 members in the country's population of 10,000,000.

So far, no political organization has appeared which formally opposes the four-party coalition.

In Czechoslovakia no individual may publish a newspaper. They are all published by economic, political or cultural groups and the largest is a trade union paper.

All are free to express their own opinions and there is no censorship.

30,000 at Universities

No Clues Found In Hunt For Slayer Of 3-Year-Old Girl

MINAKI, Ont. (CP)—Shock and sorrow still were felt in this resort area today as members of three police forces combed the countryside for clues to the brutal slaying Saturday night of pretty, blonde three-year-old Joan Smith, whose bruised body was found early Sunday not far from the summer home of her parents, Mr. and Mrs. H. E. Smith of Winnipeg.

Motive for the slaying, termed "the cruelest thing I ever saw in my life" by war veteran Ray Gustafson who found the body in this Lake of the Woods area some 170 miles east of Winnipeg, is even more baffling than the youngster's missing pyjamas and the method of the abduction.

Coroner D. J. Mason of Kenora, who examined the body, said there was no indication of criminal assault.

Activity in the case centred in Winnipeg Monday, where Inspector J. Storey of the Ontario Provincial Police conferred with Royal Canadian Mounted Police and the Winnipeg city police.

Calling it "a most peculiar case," Chief Constable George Smith of Winnipeg said "there may even be some doubt that it was murder."

NO INFORMATION YET

Inspector Storey said he could not "guess at any possible motive."

Meanwhile Inspector T. R. Wright of the criminal investigation department of the Provincial Police came here today in time to attend the post-mortem.

In this quiet resort area where such incidents had never been recorded, feelings of sympathy were deep.

"I cannot understand it," said John Conchla, a neighbor of the Smiths.

H. O. Weir, caretaker of Minaki Lodge, said "it's unreal."

The child's body was found in a clump of bushes about 100 yards from the family's summer cottage. The tiny feet bore no trace of dirt or scratches to indicate she was carried outdoors. The body was bruised and Inspector Storey said "it looked as though someone had taken her by the shoulders and bashed her head against a rock."

Alda Luduc, maid in the Smith home, said she was in her room asleep and heard no noise during the evening when the child was mysteriously taken from the house.

STRUGGLING FOR UNITY

TWELVE MONTHS AGO TODAY THE threat which Mr. Churchill once flung at Adolf Hitler had come true. The wartime Prime Minister warned the Fuehrer that his Third Reich would be torn to shreds and tatters. The preciseness of the phrase matters little now. About the first of May, 1945, the former Austrian corporal put an end to his life. And it will be a year tomorrow since free peoples celebrated VE-Day.

If we have forgotten much in the meantime, it is equally certain that few Canadians paused, in the midst of the celebrations of a year ago today, to wonder where the newly-liberated Europe would be on May 7 and 8, 1946. Yet if they had, there were safe and obvious predictions that could have been made, and that actually have come to pass. It was inevitable that Europe would be hungry, ill-clad, and ill-sheltered; that thousands upon thousands would be displaced and homeless; that political unrest would abound; that the neglect or destruction of fields and farms, factories and transportation, would bring a long period of painful convalescence after Europe's almost fatal illness. Not only Hitler's Third Reich, but other enemy and Allied countries alike, were destined to be torn to shreds and tatters. The process had become one of degree if not of method. But the result is the same.

What could not have been foreseen a year ago, however, was the almost complete collapse of that unity of spirit and purpose among the great powers which made VE-Day possible. And while the end of the European war found no noisy or even visible outlet in San Francisco, yet in that city by the Golden Gate no fewer than 46 nations had just assembled to pledge their implacable resolve to hang together to prevent hanging separately later on. The representatives of all the United Nations of that time fully understood the lesson which unity through blood and pain and sacrifice had taught the world. The triumph of that unity was hailed and consecrated in noble, heartfelt words at the hour of victory. Few believed the need or the triumph had not sunk in.

But if, on the other hand, the prospect on "V-E plus 365" is sombre, it is far from hopeless. Victory in Europe—later in Asia—was won by the united efforts of millions of ordinary people, guided and directed by a few, but only after painful struggles and reverses. Today, millions of ordinary people are united for peace; and they feel it in their hearts that more struggles and reverses will dot the path down which the few who guide them are directing their steps. Unity in high places may be scarce at the moment; yet a year is not a long time in which to cure the world's worst and longest illness.

HEAR THE PREMIER FIRST

UNTIL MR. HART HAS HAD AN OPPORtunity to take stock of the position in which British Columbia finds itself as a result of the failure of the latest Dominion-Provincial Conference it would be prudent on the part of those assuming to know what is in his mind to control their enthusiasm for prediction. Before he left the national capital the Premier intimated to the press that he was still of the opinion a workable formula could have been drawn up in the best interests of the taxpayers—if Ontario and Quebec had not barred the way.

While no good purpose can be served by crying over spilled milk, Mr. Drew and Mr. Duplessis, for reasons which require little imagination to ascribe, must accept their share of the responsibility for the parley's failure. Since seven of Canada's nine provinces were obviously in a compromising mood, however, it would seem logical to assume that further reflection by the Dominion cabinet may light the path to an interim arrangement which would preserve the equilibrium of the national economy until new discussions can be held—and without straining still further the relations between the provinces and the central government.

Perhaps Mr. Hart may consider the advisability of an early meeting between the nine Premiers, or seven if Ontario and Quebec still prefer to maintain their adamant attitude, in order that a new consideration of the federal proposals might be undertaken. In the meantime, of course, Mr. Ilsley must go ahead with his budget; and looking over his shoulder, to try to see what is in it, is likewise futile.

UNDER A HANDICAP

VICTORIANS, INCLINED TO LYRICISM in describing their May weather, will have noted the restraint with which predictions have been made for this territory by the official forecasting service in Vancouver. The advance notices have been substantially correct. But the office appears to be taking few chances in its generalizations regarding what the weather should be.

This circumspect approach may provide some comfort to those who read the forecasts in the hope of determining beforehand the programs they will pursue. And certainly, during the early part of the month, there have not been the glaring errors apparent when the "improved" system was first announced. Yet, to Victorians who enjoyed an unusually high standard of weather prediction before the war, there will continue to be some anomaly about the "made in Vancouver" product. Though Mr. C. P. Edwards, Deputy Minister of Transport, in his explanation to Mr. R. W. Mayhew, M.P., of the arrangements for forecasting from Vancouver, has stated that "as the staff obtains experience and knowledge of the vagaries of the weather in B.C. the service that they will give will improve and increase in value," there are bound to be misgivings here. How can a staff, gaining wide experience in Vancouver weather, hope to become expert in predicting the good weather which is traditional in this capital?

It should be noted, incidentally, that only part of the office hitherto established at Gonzales Heights has been removed to the mainland. The institution in this city will continue to perform important work in providing detailed particulars on the province's climate.

BRITAIN AND EGYPT

CRITICS OF BRITAIN'S FOREIGN policy should be able to applaud the announcement from London that all British naval, military and air forces are to be withdrawn from Egyptian territory, in stages and on dates mutually agreeable to the two governments concerned. Anglophobes in the Soviet Union and in the United States, of course, may continue to frown as they note that "it is the settled policy of His Majesty's government to consolidate their alliance with Egypt as one between two equal nations having interests in common." This is an arrangement which the Foreign Office statement today says is being negotiated in "an atmosphere of cordiality and good will."

These developments in the relations between the United Kingdom and Egypt follow the decision to revise the treaty of 1936. This was an alliance to continue for 20 years, whereby the military occupation by British forces was terminated, the special British interest in the defence of the Suez Canal zone recognized, and the administration of the Sudan remains in accordance with the arrangement resulting from the Condominium Agreements of 1899. Just what form the consolidation of the alliance will take, or what, if any, influence on the negotiations now proceeding in Cairo the Palestinian conflict may exert is a matter of conjecture. The strategic and defensive implications inherent in the revision of the 10-year-old pact are obvious.

SENSIBLE PLAN

IN ITS EFFORTS TO ACQUIRE MAXImum results from large staffs, private industry made extensive use during the war years of personnel directors. The policy paid dividends in harmonious relationships among employees and avoided the frictions and obstructions evident when square pegs get into round holes. In view of the success of the system, it is encouraging to note the proposal advanced to the civic efficiency committee, that one executive head be placed in charge of the entire City Hall staff. The suggestion parallels the establishment of a personnel director scheme advocated in these columns some time ago.

With the proper man in charge, a greater measure of uniformity would be brought to the operation of the different departments in the institution which conducts the city's business; and modern practice in management could be instituted. The policy seems particularly desirable now when some dislocation is inevitable as the result of returning servicemen taking senior positions and men of long standing in the city's employ leaving their posts on superannuation.

The nature of the civic administration is such that it automatically calls for a high degree of co-ordination in all branches. The service that is rendered to the taxpaying public depends upon an alert and satisfied staff. Through the system which has been recommended, that condition might be assured.

GRANDSTAND MANAGERS

ASTUTE PROMOTERS OF THE UNITED States national game have formalized in baseball a new institution—the grandstand managers' club. From the bleachers, the self-appointed "experts" call their advice to players and managers unsparingly. The members take the job more seriously than the old-time derisive shouts or lusty vocal tributes because they are deeply interested in the welfare of their home team. To some managers, their words of wisdom are acceptable. To others, they are a source of irritation. Good or bad, the departure has been recognized as part of the game. So much for baseball.

But the United States these days is also being given the benefits, or otherwise, of grandstand managing by spokesmen for other countries. The advice, like that of the bleacher pundits, arouses interest and irritation. But it is to be expected. As our neighbor moves, so will countless other nations be affected. National policy in the United States is now more than national policy. It reaches out to become a matter of direct concern to untold individuals in distant countries. Consequently, the citizens of alien lands are inclined to voice opinion on United States policy which, because of its importance, is both domestic and international at the same time.

Such outsiders, of course, have little power to force their views onto the people of the United States. But the impact of criticism, favorable or otherwise, will not now result in a reaction toward isolationism in America. The citizens of the United States appreciate their position in world leadership. They know, too, that it is accompanied by new responsibilities. And from the social-political "grandstand managers" they may well receive useful ideas.

A REPORT OF EUROPE

BEFORE I ATTEMPT to report what I learned in Europe, I should explain certain things by way of introduction. The first is that I did not have the time, nor had I the qualifications, to investigate at first hand the conditions of life and the political attitudes of the great masses of the people. As to that I have in addition to the casual impressions of a tourist, only some written and some oral reports of men whose main business it is to investigate and report. But I did talk at length with a fair number of responsible and representative men, and in order that they might speak as frankly as they dared or wished, I assured each of them that not only what he said but the fact that I had seen him would be off the record.

The most important conclusion I have to report is, I am sure, indisputable. It is that all European governments, all parties, and all leading men are acting as if there would be another world war. With no exceptions among those who really form policy in Europe—leaving aside the Americans, who are in a special and curious position—the ultimate and determining calculation is that there may be another war, and that they must act as if there were going to be another war.

AS A RESULT there is not only no peace: the business of making peace has not even begun. If any one thinks this is a recklessly exaggerated statement, let him consider this most extraordinary fact. Since last September the Allies have been preparing for what they call a peace conference, which will be held in Paris when and if the four ministers reach their conclusions. It will then be more than 12 months since Germany was defeated, and yet the subject of Germany is not even on the agenda of the peace conference. M. Bidault, for the French, has been struggling for the bare right to discuss one element of a German settlement. Mr. Byrnes, by proposing an Austrian treaty, has just touched delicately the fringes of the German problem, and in his four-power disarmament pact, he has suggested that he, too, has begun to believe that the Allies ought not to forget that it is the principal business of a peace conference to settle the war with the chief enemy state. The fact that M. Bidault and Mr. Byrnes are not yet sure they can get a discussion of Germany is, I submit, objective proof that whatever it may be that the Allies are doing, they are not making peace.

IF WE UNDERSTAND why this so-called peace conference is not dealing with Germany, we shall come close to the heart of the matter. This is dangerous and treacherous ground but if Americans are to play a useful part in Europe, they must explore it.

In 1942 the Axis powers controlled all of Europe and Eastern Asia. They were at Stalingrad, El Alamein, the gates of India, and within striking distance of Alaska, Hawaii, and Australia. The defeat of the Axis powers opened up these vast regions of the globe, and into them the victorious Allies advanced until they met. They met in the middle of Austria, on the Italian and the Greek frontiers, in Korea and in China. When they met, they were in physical possession of the Axis empires: the Americans had most of the former Japanese empire, the British had the Italian empire, and the Russians had the Nazi empire of Eastern Europe.

SINCE GERMANY and Japan were for the time being powerless, the Allies had suddenly to deal with one another as the heirs of the Axis rather than with the Axis itself. The immediate question was not what to do about the chief enemy states but what to do about these newly occupied empires. That is what we have been quarreling about not only since the London conference of last September, or even since Yalta, but indeed since the great and never fully reported controversy between Stalin and Churchill over the strategical plan of the war.

The essence of that controversy was how the war was to be fought by the Anglo-Americans—whether directly against Germany in Western Europe or through "the soft underbelly" in the Mediterranean.

The controversy was in the last analysis political: it was whether, even though it meant a longer war, the British and Americans would at the end be in physical possession of Vienna, Budapest, and the whole Balkan peninsula. As we know, the issue was decided, with some compromise. Our men believed that their decision ended the war sooner and at less cost. But it ended it with the Russians in all the capitals of Eastern Europe, on the shores of the Adriatic, and on the frontier of Greece.

THE CRUCIAL issues which divide the Allies arise from this situation: they are whether the Russians are to stay in or are to evacuate the Danube Valley and the Balkans, and whether the British can maintain their precarious monopoly in the Mediterranean and the Middle East if the Russians do not go back. For every one is certain, and the proof is clear, that if the Russians do not recede, they will advance still further.

We can now understand why Germany is not on the agenda of the peace conference. It is because—to state the blunt truth—the German problem as seen in Moscow and in London, is, fundamentally, whether in the event of war the Germans are to be used by the Russians or by the Western powers. This is a terrible fact. But it is the fact, and if anything is to be done about it, the United States will have to do it.

I believe that much can be done about it because the conflicting attitudes of Britain and Russia towards Germany are so demonstrably dangerous, so utterly reckless, so certainly self-defeating, that they can be altered under American pressure if we are clear and resolute about it.

GLOBAL SURVEY

By DEWITT MACKENZIE
Associated Press World Affairs Writer

The French referendum, resulting in the rejection of the leftist-supported draft of the constitution proposed for the republic, is one of the most important of the recent political developments in Europe.

It represents a major (though not necessarily decisive) battle in the war between Communists and the more conservative elements for control of France. The Reds and their allies, the extreme left Socialists, have lost this engagement to the conservative "Popular Republican Movement" supported by right-wing Socialists.

You get the real import of this clash when you pause to consider that France is one of the Big Four and that, with Germany and Italy knocked out, she is the only great power left on the continent with the exception of Russia. No wonder Britain, sitting just across the Channel from France and highly allergic to Communism, has her fingers crossed.

She had better keep them crossed, too, for another great French political fight is in the offing. Since the constitution has been rejected, another constituent assembly must be elected June 2 to prepare a fresh draft, and the Communists then will go all-out to capture the legislature.

How will the election go? Under normal circumstances it would be safe to say the more conservative elements would win, because basically France, with its great agricultural population, is conservative.

However, these aren't normal circumstances. France is badly hurt physically, economically and morally. Thousands upon thousands of her people are suffering great privations, including undernourishment. In short the French are in that frame of mind which might impel them to seize upon extreme measures in order to get relief.

Letters To The Editor

BACK TO ELIZABETH

Your issue April 26 quotes the Rev. MacLachlan as telling school teachers "You are poor disciplinarians. Your products can't write, can't think, can't behave themselves."

Thus the reverend gentleman leave the "higher-ups" with reputation unscathed.

The widely-heralded modernist education is the result of a system deliberately devised by Money and Church for the result of which school teachers are no more to blame than I am.

The curious may find a political reason for current over-emphasis on highly-organized school dramatics (much of it, by the way, ethically questionable) if they'll read Sir Walter Scott's "Kenilworth," wherein are remarks as to the poltical value of creating popular interest in dramatics, as a means of weaning the populace away from too close an interest in politics, which method for deadening political acumen, and its aim, Queen Elizabeth indignantly repudiates.

Dining "corner": Make it easy for yourself! Eat right in the kitchen . . . in front of a cool "herb garden" window. Use a "dining table" that drops down out of the way between meals . . . And then — most important of all — put down a sparkling bright Gold Seal Congoleum rug! Its smooth surface is easy to clean with the swish of a damp cloth. And durable! Why, its wear-layer of heat-toughened paint and baked enamel is actually equal in thickness to 8 coats of best floor paint applied by hand. But — when you buy your Congoleum rug — look for the familiar Gold Seal. Without it — remember! — it isn't Congoleum. You'll be surprised how much quality you can buy for so little money.

$10,000,000 Cost Of Loggers' Boost

Cost to the employers of the proposed 12½-cent an hour wage boost for loggers and sawmill workers in B.C., along with other impending expenses, was estimated by R. V Stuart today at almost $10,000,000.

Mr. Stuart is president of Stuart Research Service, bargaining agency for the employers in the present negotiations with the International Woodworkers of America for a new contract. The employers had offered a 12½-cent wage boost as a counter-proposal to the union's demand for a 25-cent an hour boost.

Assuming there now were 32,000 employees in logging and sawmill industries, excluding pulp and paper mill workers, and the average annual number of working days were 273, Mr. Stuart said the cost of the 12½-cent boost would be $8,736,000. Cost of overtime due to the 44-hour week would be $436,800, he estimated, while additional Workmen's Compensation Board costs would be $256,836 for mill workers and $275,184 for loggers.

Film Council

"The Flight of the Dragon," a film on Chinese art produced by the National Film Board, may be brought to Victoria for showing, it was announced at a meeting of the Greater Victoria Film Council here.

Films recently added to the Victoria Public Library collection include: "Looking for a Job and University Opportunities," "Grand Manan," dealing with herring fishing in New Brunswick, and "Return of the Buffalo."

Showings of the week are: Wednesday, Spanish Club and Oak Bay Community Centre; Thursday, St. Mary's Church; Friday, Emmanuel Baptist Young People's Association; Saturday, Technocracy Inc.; Sunday, Federation of Russian Canadians.

Next meeting of the Film Council will be held June 6 in the Chamber of Commerce committee room.

City Hall Staff Press Enforcement Of Retirement Rule

City Hall employees are continuing to press for the immediate retirement of all staff members who reach superannuation age, Ald. H. M. Diggon, chairman of the efficiency survey committee, said today after concluding all-day hearings Monday.

Members of the staff appeared before the committee to present their ideas on how work in the various city departments should be reorganized to obtain greater efficiency, he said.

Staff members felt that greater efficiency would be obtained and more interest in work would be shown by younger employees if men of superannuation age were retired immediately. There are ten men who would be affected if this ruling went into effect.

Another suggestion placed before the committee, Ald. Diggon said, was that an executive director be appointed to superintend the staff. This, it was felt, would eliminate considerable overlapping between departments. "The suggestion has considerable merit," Ald. Diggon said. "And the committee will investigate it carefully to see if it is feasible."

Every department has been asked to prepare a chart showing exactly how his department is now constituted, the duties of each member, what authority he holds, and to whom he is directly responsible so that the committee may make a job evaluation listing.

City Flying Club Told Airport Lack Affecting Tourism

Victoria's lack of an airport for private flying means loss of tourist trade and prevents the city from becoming the completing link in a proposed chain of at least 17 flying clubs in B.C., according to Terry H. Finney, secretary-manager of the Aero Club of B.C., Vancouver, who addressed the initial meeting of Victoria Flying Club in the City Council chamber Monday evening.

Mr. Finney said many inquiries were made at Vancouver concerning the possibility of flying here but the only answer which could be given was that there were no private aircraft landing fields. He pointed out that Patricia Bay as a R.C.A.F. base would not be open to smaller aircraft.

He urged the Victoria club to give full support to the attempts to gain Gordon Head as an airport. He condemned the present need for 45 minutes' land travel to Patricia Bay for the sake of a 15-minute air flight to Vancouver. The taxi fare and loss of time irritated many travellers, he asserted.

SEHL ELECTED PRESIDENT

Wing Cmdr. F. T. S. Sehl was elected president of the Victoria club.

Other officers elected were: J. B. Taylor, vice-president; Miss Viola Savage, secretary; Myles Hague, Stephen Chamut, T. B. Toye, F. W. Moore and Frank Kennely, board of directors.

The club is hoping to get a Tiger Moth airplane from the Aero Club of B.C., and D. Duncan, ex-R.C.A.F. pilot who was grounded when he landed a private plane at Patricia Bay, has promised to donate his Piper Cub airplane to the club.

The meeting was attended by 60 Victoria air enthusiasts and 38 paid applications for membership were received.

I don't have much to do with "COTTON" says Mr Smith but.. COTTON HAS MUCH TO DO WITH HIM!

HE'S WEARING a cotton shirt. His tie and suit are lined with cotton. His underwear, handkerchiefs, socks and shoe laces are cotton. So are his window drapes, the tapes and cords of his venetian blinds . . . Those binders on his desk are cotton covered, so are the wires of his telephone. The cover of his dictaphone has a cotton base, so has his carpet. His secretary uses a cotton typewriter ribbon. Yes, cotton has plenty to do with Mr. Smith, and with all of us. Why the collection of
INCOME TAXES
from co-operatives, crown companies, government and municipally owned enterprises
would put
MONEY IN YOUR POCKET

If all businesses in this country paid Income Tax on an equal basis, it would mean a good many extra dollars in the pocket of every Canadian. The sharing of the Income Tax burden by co-operatives and businesses operated by governments and municipalities, would either bring about a big cut in the personal Income Taxes which you pay or a reduction in the price of goods and services you buy from these Income Tax exempt concerns.

You would profit either way

If Income Tax were levied on the profits of co-operatives, crown companies and corporations operated by governments and municipalities, these Income Tax free organizations could follow either one of two courses:

1. They could reduce the price of their goods and services to the point where they would have no profits. They would therefore have no profits on which to pay Income Tax. The public would benefit by paying less for the goods and services which it bought.
2. They could decide to maintain their prices and to pay Income Tax on their profits. If Income Tax were thus collected on the profits of all such tax-exempt organizations, the total would amount to as much as 125 millions of dollars annually.* The government could then, without decreasing its revenues, reduce the Income Tax by an average of $50.00 annually on every Canadian Income Tax payer.

It is thus quite apparent that the collection of Income Taxes from co-operatives, and corporations owned by governments and municipalities, would mean extra dollars in the pockets of Canadians, no matter what course such presently tax-free organizations might take.

Revision of The Income War Tax Act, insofar as it concerns co-operatives, will come before the current session of Parliament. It is of the utmost importance that such revisions shall bring tax equality to all groups. We urge that the income tax payers of Canada insist that their elected representatives in the House of Commons see that the heavy burden of Income Tax is shared by co-operatives and other presently tax-exempt businesses.

The Income Tax Payers Association has no objection to the principles of co-operative trading. It should be the right of every Canadian to trade as he desires. Our objective is to ensure that no section of business unloads its share of income taxation and cost of the war on other businesses or on individual income tax payers.

*Report of Professor J. L. McDougall of Queen's University to a special committee of the Senate.

Victoria Year Ago Today Marked End Of European War

Sirens blared, horns blew, flags flew and there was a general feeling of relief and thanksgiving in the hearts of Victorians one year ago today as they received the news that the five-and-a-half-year-long war in Europe had ended.

Some who had witnessed the festivities which had taken place on Victoria streets on Nov. 11, 1918, said the jubilance of Victorians on VE-Day was not so great as on the day the First World War had ended. But perhaps that was because Victorians, like peoples the world over, had seen the end of World War II for almost a year—ever since the successful Allied invasion of Normandy the previous June 6.

The news that Col.-Gen. Gustav Jodl, chief of staff of the German Army, before representatives of Gen. Eisenhower in a large brick schoolhouse in Reims, France, had signed the terms of the Allied peace—unconditional surrender — reached Victoria shortly before 7 in the morning when most Victorians were still asleep. At 7.21 those who were not already up and heard on their radios, were told the glad tidings by the balance of the city's air raid sirens.

Within a few hours the city was decked out in flags, a huge victory design had been hoisted before the Parliament Buildings. By noon most stores were closed.

Excitement at the prospect of speedy return of sons, husbands, love ones, grew in the hearts of Victorians before VE-Day was ended with thousands milling through the downtown streets, hundreds of cars, equipped with special noisemakers and with horns blowing, pushed through the crowds.

In schools, students who had not played hooky took part in thanksgiving services, while in Victoria churches congregations bowed their heads to thank God that at last victory had come.

From pulpits, over the radio, in the newspapers, came solemn warnings that the task was not yet ended, that the Japanese Empire was not yet defeated, rehabilitation of the thousands who had served had been hardly started, reconversion of industry to satisfy peacetime rather than wartime needs had yet to be effected.

Victorians celebrated and then returned to their tasks.

Receive Entries For Photography Contest

Entries are now being received for the parks photographic competition, for which $40 in prizes are being offered, and entry blanks, setting out competition rules may be obtained from the city clerk's office at the City Hall, Ald. D. D. McTavish, parks committee chairman, said today.

The contest is open to both amateur and professional photographers and will close Nov. 15 of this year. Prints must be a minimum size of eight by 10 inches, mounted on white or light colored mounts.

All photographs must have been taken in some city park, and all entries become the property of the parks committee. Submission of a print to the contest, Ald. McTavish pointed out, carries with it the right to reproduce.

Hand-colored photographs are not accepted. Separate entry forms must accompany each print, and any number of prints will be accepted from any contestant. The contest is jointly sponsored by the Victoria Camera Club and the parks committee.

First prize is $25, second prize $10 and third prize $5.

"COLUMN after column of figures... did they get mixed up deliberately to tantalize me? An accountant's office is no place for a person who feels headachey and listless all the time. I know... that's how I used to be.

"Then a friend suggested trying Kellogg's 30-day test. Am I glad I did! That simple change of diet really helped me *keep* fit. Feel grand during working hours, and *after*, too. And do Kellogg's ever *taste* good!"

3 to 1 say Kellogg's are favourite In a recent survey, 3 times as many housewives voted "Kellogg's" their favourite Bran Flakes as named any other brand. Look for the golden-yellow package—*try the large, thrifty size.*

Make this 30-DAY TEST

1. If you're really ill see your doctor! But if you just feel dull and headachey, you may only be suffering from incomplete elimination. Especially if you're over 35. Here's how one simple change of diet can help you keep fit:

2. Start right now to eat Kellogg's Bran Flakes every morning. No harsh doses... just keep fit the *natural* way! Get more of the "bulk" your system needs by eating delicious, gently-laxative Kellogg's Bran Flakes With Other Parts Of Wheat.

3. Just thirty days should prove to you how grand it is to feel alert, to have the energy for all the extra things you'd like to do. You'll want to *go on* keeping fit the Kellogg way!

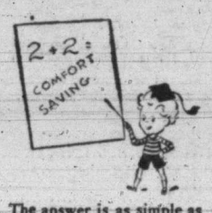
Housing Shortage Makes Coach Resign

SANTA CLARA, Cal. (AP)—The housing shortage cost Santa Clara University its football coach today—Larry (Moon) Mullins, celebrated halfback of Knute Rockne days.

Mullins, in submitting his resignation, explained he spent the last five months trying to find living quarters for his wife and six children. During that time his wife and four daughters lived in a hotel while he and two sons lived at the University.

Is your home being robbed of both... fuel and comfort?

1. Lots of homes use far too much fuel and yet aren't comfortable to live in. But TEN/TEST* Insulation will prevent this. TEN/TEST installed in walls and roof saves up to 1/3 in fuel *and* keeps a house warm in winter, cool in summer.



2. The answer is as simple as *2 plus 2!* TEN/TEST is *rigid* insulating board... and that adds up to the most efficient, economical and long-lasting of all insulating materials. And TEN/TEST's rigid durability gives you *more* than comfort and fuel-saving.

3. With TEN/TEST, you build *lifetime* structural strength right into your home... plus non-sagging and non-shifting insulation. That's two purposes *at one cost!* And TEN/TEST's big, light panels are quick to install. Another saving... lower labor costs.

4. You may find a temporary shortage of TEN/TEST... but it will pay you to wait. Everything is being done to satisfy the big demand quickly... so write for free samples and information to International Fibre Board Limited, Gatineau, Que., Dept. 25.

Gyro Club Hears Trade Unionist On Labor Organizing

Trade union organization is inevitable and will eventually envelop all of Canada, George Wilkinson, secretary of the Victoria and District Trades and Labor Council, told a luncheon meeting of the Victoria Gyro Club at the Empress Hotel Monday.

Mr. Wilkinson stressed the need for all employers to realize that, sooner or later, they would be faced with organization and urged them to enter into it with the same faith which they would wish their employees to have.

Despite the fact that Victoria's payroll had nearly trebled in the last five or six years, Mr. Wilkinson said, there had been very little labor trouble here. Throughout the Dominion during the war years, he said, less than one-tenth of 1 per cent in workingman hours had been lost due to strikes, and Victoria's loss in man working hours was so small it was nearly impossible to estimate.

Labor in Victoria was fairly well led, Mr. Wilkinson continued, and its demands were more reasonable than anywhere else in North America. He believed much of the success of trade unions here was due to the friendly atmosphere in the city's industries.

Unions were faced with every handicap experience by all democratic organizations, he said, and found themselves up against politics in which there was the danger of one political group voting as a bloc to dictate policy.

He admitted unions made mistakes. "We have made hundreds, and we will make hundreds more," he said. He did not believe progress could be made without mistakes.

U.B.C. Players In 'Berkeley Square'

"Berkeley Square," the story of a man who through an absorbing interest in the past, slides from the modern world into the 18th century, will be given by the U.B.C. Players Club as their 31st annual spring production, at Victoria High School, Saturday afternoon and evening.

The production will be brought to Victoria under the auspices of the Kinsmen Club, and tickets are available at Fletcher's Men's Shop, and Francis' Jewelry Store.

Starring in the role of Peter Standish will be Arthur Hill, an R.C.A.F. veteran well known to Vancouver theatrical circles before he enlisted. Others in the cast are Norma Bloom as Helen, the heroine, and Joyce Harman, Beverley Wilson, George Baldwin and John Nieuwdorp.

In supporting roles are: Don MacDougall, Betty Peyman, Anne Forrester, Trish Rogers, Arthur Alexander, Joan McCallum, Jim Argue, Don Wilson and Grace Tuckey. Mrs. A. G. Graham is director.

The play had long and popular runs both in London and New York and was filmed with Leslie Howard playing the leading role

LOWER FRONT TEETH ARE FIRST IN BABY'S MOUTH

If you have watched babies grow up, you know there is excitement in the house when a little one gets his first tooth. This is likely to happen when the infant is six or seven months old. Yet it may happen in five months or even less, or the parents may have to wait eight or nine months.

Whenever the first tooth comes, the mother finds an excuse for crying spells of the baby. "He is having a tooth," she says, "and it must hurt him." There may really be pain when the tooth cuts through, and in any case it is fine to have a good excuse for the noise which babies make. In these days, with better care of infants, I believe there is less crying than 40 years ago, but babies still keep up the old custom.

Even at birth a baby has his first set of teeth, but they are "buds" hidden under the gums. It takes time for them to sprout and get where people can see them. Babies with teeth in sight at birth have been reported, but such cases are rare.

The first two teeth to appear are, almost always, at the front of the lower jaw. Three months later, on the average, we find four teeth in the front-centre of the upper jaw.

When the child is in his 14th month, he is likely to have 12 teeth. By the age of two or 2½ years he should have all his "milk teeth," a total of 20.

Those teeth give a child all the chewing power he is likely to need during the early years of his life. When he is five or six years old, he will start getting his second set of teeth.

Many furry animals go through much the same story of teeth as people do. Monkeys and various other "higher animals" have milk teeth at first, then a second set of teeth to take the place of the first.

Children should care for their first set of teeth. Some of these last several years after the second teeth start to come in. A visit to a good dentist twice a year may save a boy or girl from much of the tooth trouble which comes when decay is allowed to go on. If first teeth decay, or are pulled too soon, there is added danger of second teeth coming through in the wrong places.

Coronation Plans For May Queen Made

Arrangements for the May Queen coronation at the Parliament Buildings May 24 were discussed at a meeting of the Lions Club May Queen committee.

A room has been reserved at the Empress Hotel for the convenience of the May Queen and her attendents. Plans for the float in which the Queen will ride were discussed, and Miss Wynne Shaw volunteered to instruct the children who will be a part of the royal cortege.

The May Queen and her escorts will dress at the hotel and then go to the buildings for the coronation ceremony, after which they will view the parade and then enter their own float to join the parade.

Sports Mirror

By PETE SALLAWAY

SPORTS FANS in eastern Canada must be sitting up these days and casting their eyes westward. In recent weeks three groups of athletes from the west have stepped out and captured as many Canadian championships. Calgary Stampeders and Winnipeg Monarchs walked off with the national senior and junior hockey titles, respectively, and Saturday night at Windsor our own Dominoes marked up their third straight victory over Assumption College, the best in the east, for the Canadian senior men's basketball crown. That's a pretty sweet record and one that western sports supporters can be justly proud of. Too long have eastern critics figured the west on the short end.

THIS BUSINESS of winning a national cage title is nothing new to the Dominoes. This is the fifth time the Montreal Sportsmen's Trophy has come to the Capital City. However, this year's edition of the Dominoes has set up a record of victories that is likely to stand up for a long time. From the time they hit the playoff trail in the local league until they wound up the Canadian final against Assumption the club never tasted defeat. In their path to the crown they defeated in order, Victoria K.V.'s, Vancouver Lauries, Raymond Union Jacks, Saskatoon Tollers, Winnipeg St. Andrews and Assumption. No team, with the possible exception of the famed Winnipeg Tollers of years ago, ever set up such a sensational string of wins.

LATEST edition of the British Columbia Racing and Breeding Manual issued jointly by the British Columbia Racing Breeders' Society, the Vancouver Thoroughbred Association and the B.C. Turf and Country Club, reveals that for the first time in the history of British Columbia racing a Victoria-owned stable topped the standings last season. Honor of being the number one owner goes to **Dr. K. K. Darbyshire** who operated a public stable and in 82 starts came up with 19 wins; 16 seconds, including a dead heat and 14 thirds. K. and K. Stable finished second with 13 wins; five seconds and one third in 23 starts.

DARBYSHIRE with his 19 wins also gained recognition as the leading trainer last season. Runner-up honors were shared by **H. E. Howe** and **C. Chiappa**, each with 13 winners, although the last-named had one dead heat in his record. Finishing with a percentage of 19.1 **Jimmy Sivewright**, under contract to Darbyshire, was the top rider on B.C. strips. Out of 256 mounts he had 49 winners; 47 seconds; 37 thirds and was unplaced 123 times. Veteran **Emil Sporri** was second with a percentage of 15.2. He had 322 mounts and his record was 49 winners; 68 seconds and 54 thirds. He was unplaced 151 times.

Victoria Youngster In Chess Tourney

One of the recent highlights of the recent 10-day chess championship held at Vancouver by the B.C. Chess Federation was the play of 14-year-old Ian Marshall of Victoria, in the minor division.

The local youngster lost out to H. B. Sellers of Vancouver, in in the final by the close margin of half a point.

L. M. Duval of Vancouver, won the major division honors. A. Helman of Vancouver, won the lightning handicap tournament and Mrs. D. Mitchell the women's championship.

LONDON (CP) — Joe Davis of London Monday began defence of his world snooker title by defeating Horace Lindrum of Australia, 55 to 54. The match will go 145 frames over a two-week period.

Fastballers Have 29-Team Circuit; Play Next Week

Twenty-nine teams have signed for action in the six-division Lower Island Fastball Association and more are expected, according to Secretary Ivan Temple, following closing of entries Monday night.

Post entries will be accepted and any further entries will be passed on by the executive.

Heaviest entry to date is in the senior C men's department with nine teams to compete. Next biggest listing is in the women's division which has a roster of six.

Four teams have signed in the senior A men's division, five in the senior B and to date only three in the junior boys' section. Two junior girl squads are also entered.

Temple reported today that play is scheduled to open in the association's 1946 season next week. Actual date and the draw has not been decided.

Entries follow:

Men's Senior A — Hoyle-Brown, Canadian Legion, Ciros, and Penguins.

Men's Senior B — Dockyard Civil Service, Esquimalt Meat Market, Dominion Meat Market, Canadian Legion and K.V.'s.

Men's Senior C — Spencers, R.C.N., Armament Depot, Army and Navy Vets, Cameron Lumber, Chinese Students, Oak Bay Wanderers, Mount Tolmie and a team unnamed to be entered by Henry Harris.

Junior Boys'—Page Cleaners, a team managed by Bobby Barr not yet named, and Oak Bay Athletics.

Women's Section — Adverts, Sidney, New Method Laundry, Victoria Box & Paper, Hudson's Bay and a team managed by Wally Yeamans not yet named.

Junior Girls'—Hepcats and Hotshots.

Athletics Battle Yakima Tonight; Tacoma Opening

TACOMA, last of the eight clubs in the Western International League to play before the home folks, will trot out the parades and the bunting and a two-ton baseball bat this afternoon and unveil a new ball park as well.

Bremerton provides the opposition, repaying the compliment, as it were. The Tacoma Tigers opened Bremerton's home season in that town's first professional baseball game.

The new Tacoma Park seats around 5,000, so an opening game attendance record for this season may be in the books. Salem's 4,309 seems to be tops to date. The two-ton, 40-foot bat is a donation from a pole company, but none of the Tigers are expected to do anything with the pole except gawk at it.

Main W.I.L. interest tonight, however, will centre at Wenatchee, where the phenomenal Salem Senators seek to tie Yakima's 1938 mark of 12 straight victories at the opening of a season. The Senators, managed by ex-umpire Frisco Edwards, already have racked 11 straight—four from Yakima and seven from Spokane. Wenatchee currently is in second place.

Victoria opens a full week's stand at Yakima tonight, while Vancouver starts a three-game series at Spokane. Starting Friday, the clubs switch foes, with Vancouver at Tacoma, Bremerton at Wenatchee and Salem at Spokane for week-end four-game series, while Victoria and Yakima stay put.

Coach Jack West Looks Over Bombers

WINNIPEG (CP)—Jack West, Winnipeg's newly-acquired rugby coach, had his first peek at the 1946 edition of the Blue Bombers last night as approximately 70 candidates turned out for the initial spring practice. Among them were hardy veterans, budding stars and a good sprinkling of high school rookies.

West said he was pleased with the number of players who appeared and that prospects looked bright for the forthcoming fall schedule. The former North Dakota State mentor succeeds Bert Warwick as Bomber mastermind.

Martin (Butch) Gainor, hard hitting lineman of Winnipeg teams 10 years ago, will take over line coaching duties when he arrives next week.

KIWANIS-GYRO GOLF

Members of the Kiwanis and Gyro Clubs will meet at the Colwood Golf Club tomorrow in the annual match for the Kirkham Trophy donated by Norman Hill. Play will commence at 1.30. The draw will be available at the clubhouse.

Beban Regains Medallion At Trapshoot Club

Some spectacular shooting was the order Sunday at the Victoria Gun Club when Nanaimo's Jack Beban recaptured the coveted E. D. Todd Medallion by smashing 44-straight clay pigeon targets on the 16-yard trap range.

This shoot, which was open to the public and resulted in many thousands of clays being "pulled" attracted 1946's largest gathering of marksmen and spectators. Nanaimo's representation at the event was heavy. Forty-two teams were entered.

Beban's consecutive streak of "kills" resulted in him taking the medallion away from the donor, Ernie Todd, who gained possession of it recently with a 40-straight record. Beban's closest opposition Sunday was Roger Monteith who posted a 40. Both Beban and Monteith scored a perfect record on the first 25 targets, but the up-islander outshot the Victorian by four points in the second round. Vieing for the same honors J. Wren of Ladysmith and Russell Horton did some fine shooting.

R. H. "Harry" Pooley won the first round of the Humber Handicap Trophy when he came out tops in a shoot-off with Norman Lord. The "backer-up" event attracted 34 marksmen and it was the team of Todd and Earl G. MacMinn who emerged the victor.

Ted Bailey and Todd were best in the skeet shooting. They wound up in a 23-sawoff and it was Bailey who came out the victor in the shoot-off.

Other Nanaimo members present were J. Wagstaff, O. Paulson, M. McKenzie, F. Laithwaite, G. Rafter, D. Cooke and G. Oliver.

Active Cricket Season

Hollywood Team Coming

The 1946 cricket season, during which local players will be involved in intercity competition, home and away, and probably match their skill against C. Aubrey Smith's Hollywood British colony cricketers, will get under way May 18 on the Beacon Hill Park cricket pitch.

W. B. Anders, newly-appointed secretary-treasurer, reported today the association had already been in contact with the popular British actor and received a reply. The Hollywooders plan to participate in the Vancouver cricket week from July 8 to 12, inclusive, and assure the locals they will endeavor to show in the capital city at the conclusion of the mainland tournament.

Anders also announced that Victoria will take part in the Vancouver week, but prior to that the mainland city will send a team over for a match with Victoria All-Stars on Dominion Day.

FOUR CLUBS ENTER

To date four teams have entered for play in the new season. They are Five C's, Albions, Spencers and Oak Bay, whose line-ups include many faces familiar to the followers of the sport.

In addition, Oak Bay has a junior squad which shows promise and in the opinion of Anders may even be a serious threat to the seniors before the season closes.

The secretary said that the officers of the association are anticipating the most active season in several years. It is the belief that there are more people interested in the game living in the greater city now than in prewar years.

Cricketers wishing to become affiliated with the association are invited to attend cricket practices Thursday and Monday evenings at 6, at Beacon Hill. Regular members of the Five C's and Albions are also asked to attend these practices to provide matches for others who turn out and to prepare themselves for the season's opening.

Chicago Cubs Will Remain With Baseball In Daylight

CHICAGO (AP)—Let all the other major league club owners thump a "night-and-day" tune on their cash registers, P. K. Wrigley says baseball is a daytime sport and his Chicago Cubs are going to keep it that way.

Wrigley who nearly installed arc lights at Wrigley Field during the war, said today he has wrapped those plans in mothballs.

In the American League, Boston Red Sox recently voted to put up lamps in 1947. Thus, Detroit Tigers in the junior circuit and Chicago in the National are the only lightless contenders among the 16 major league entries.

"There is only one thing might make me change my mind, and that would be if the public demanded night baseball," said Wrigley. "Our attendance, however, indicates that fans want their baseball and sunshine at the same time."

In eight home appearances this season, including last Sunday's double-header with the lowly Philadelphia Phils which drew a record crowd of 45,505 fans, the Cubs have played before nearly 180,000 paid admissions. A Saturday game with the St. Louis Cards April 20 attracted 40,887.

The Cubs were in the process of installing lights in 1941 and had 165 tons of steel, 35,000 feet of copper wire and other equipment on hand when the Japs struck at Pearl Harbor. The steel and copper wire immediately were turned over to the government.

"We had good reason then for wanting lights," Wrigley explained. "Defence workers were on 'round-the-clock' schedules and night play seemed the only answer to the game's problem. Now, we'll continue to play in daylight where baseball belongs."

Boston Sox Win 11 Straight

Get Fine Pitching

Joe Cronin's critics must be hard up for ammunition today with Boston Red Sox on an 11-game winning streak and topping the American League by three lengths.

Cronin's gang is the hottest thing in baseball this springtime season with the sluggers beating out a .316 team average during the victory spree and 10 of 11 starting pitchers going the route.

The letdown may be terrific later on for the Sox haven't been far from home during the first three weeks of the campaign but they have proved to be a well-balanced club with a little more pitching than had been expected.

Tex Hughson, Dave Ferriss and Mickey Harris were supposed to carry the weight but Joe Dobson, generally overlooked in the early calculations, has been taking the bows with Harris on a 4 to 0 win record.

It was Dobson who handed Hal Newhouser his first loss of the season last week and it was the same 29-year-old righthander who kept the Sox streak alive by winning yesterday's 5 to 4 second game from St. Louis after Ferriss had taken the opener, 7 to 5.

GAIN ON YANKS

Boston gained 1½ games on New York Yankees who fell before Chicago's Thornton Lee, 2 to 1. Lee, a 38-year-old lefthander, came up with his first decision of the year on an eight-hit effort against Floyd Bevens, winning his own game with a two-run single.

Steve O'Neill could find encouraging sings in Virgil Trucks' six-hit performance for Detroit against Philadelphia as the Tigers earned a 3 to 1 decision over Penetanguishene's Phil Marchildon, making his first start of the year. Jimmy Outlaw's homer helped the Tiger cause.

Walt Masterson's relief chucking enabled Washington to make it two straight over Cleveland, 7 to 4, despite homers by Hank Edwards and Ken Keltner. Jeff Heath hit a two-run home run for the winners in the fourth off loser Steve Gromek.

No games were scheduled in the National League.

Three Hockey Teams Possible in Philly

PHILADELPHIA (AP)—Possibility that Philadelphia may have three hockey teams next season was indicated today.

An arena spokesman said the arena planned to continue to operate its Eastern League franchise—the Falcons—as a "farm" club for its American League team.

At the same time, spokesmen for Leonard A. Peto, Montreal sportsman who is attempting to have a National League franchise transferred here, said his plans remain "unchanged."

Peto has announced plans to construct a $2,500,000 arena on the site of the Phillies' old ball park.

Drunk Watchman May Have Caused Fire

CHICAGO (AP)—Police said last night that a watchman at the Arlington Park stables of Mrs. Elizabeth Graham had signed a statement that he went to sleep after turning on an electric heater in the barn housing 30 thoroughbreds last Wednesday night. A fire which swept the barn destroyed 23 of the 30 race horses, with an estimated loss of $500,000.

Officers said the watchman, Gilbert Jones of New York, signed a formal statement saying he became intoxicated during the night and went to sleep in another part of the barn. He is being held on a charge of disorderly conduct.

Amateur Ball Teams Open Play Tomorrow

Amateur baseball will be ushered in at the Athletic Park tomorrow night at 6.30 when last year's champion V.M.D. nine goes up against the Eagles. With the weather man promising fine weather the opener is expected to attract a good attendance.

For the present the amateurs have decided to play all their games in the early evening rather than under the lights.

Usual opening ceremonies will be run off with Mayor George scheduled to present the championship pennant to H. S. Hammill, general manager of the Victoria Machinery Depot. This ceremony is set for 6.15 Efforts are being made to have the Eagles Drum and Bugle Corps in attendance to lead the players of both teams on the field.

Under the management of Jimmy Lyon and the coaching of Scotty Robinson the title defending V.M.D. appear to have an even stronger line-up than last season. Their pitching staff includes Tommy Musgrave, number one flinger in the circuit last season and Tony Maze who truned in some smart performances for the Army squad. For infield duty the club has signed such wellknown players as Babe Work, Gar Taylor, Charlie Stroulger and Ray Casey. For outfield berths the club will have Toad Garnet, Ray Moretti, Jack Walker and Maurice Duffy.

EAGLES LINE-UP

The Eagles, under the leadership of Stan Douglas the veteran pitcher who won the popularity award last season, appear to have put together a well-balanced nine. The lodgemen have retained all the promising youngsters to show with them last season and made valuable additions. Their mound corps will include Jimmy Dumeah and Stan Curry, both of whom attended the spring training camp of the Victoria Athletics, W.I.L. entry. In addition the birdmen will have Stan Davies and Bill Prior.

Infield of the Eagles will see Ronnie Benn at first base; Al Ellis at second; Hal Yardley at shortstop and Harold Benn on third. In the outfield will be Norm Richards, Bert Hallam and Dick Burt.

Friday night the other two clubs in the league, Royal Canadian Navy and Canadian Legion, will make their season debut, while all four teams will go into action in a pair of games Saturday.

Angling

By "CAP" THORSEN

The "improved fishing" signs were displayed in Saanich Inlet Sunday when a congenial weatherman's bright and warm offerings attracted a large crowd of anglers to the sport-fishing grounds.

Many anglers got fish, some only one or two, but still others had takes in the larger number brackets, including some weighty ones.

Frank Lowe reeled in a silver that went 32 pounds to win his silver button from the Victoria-Saanich Inlet Anglers' Association. He was fishing quite deep and a red-gill Martin plug did the trick. He earlier won his bronze button and Sunday's catch by the lone angler also included a spring going 14 pounds and three others.

W. H. Murrell won his bronze emblem with a 20¾-pound fish. He was out with Fred Willey, one o. the big silverware winners last year. Their bag also included a 14-pound salmon and a large cod.

Don McLean and wife hooked and landed seven fish, the three largest in the vicinity of 15 pounds. McLean caught the most button fish in 1945. Salmon weighing 18.8 and 6 pounds were taken by the team of J. Thom and Bob Bader.

OTHER BIG SALMON TAKEN

Also breaking into the big-fish limelight was the team of Roy Smith and Tom Alexander. Biggest went 26 pounds, the next heaviest hovered around the 20-mark. They got four others. George Bridges, out of hospital after two operations, was partnered again with Dan Thomas. They did not do so well—one spring and a blueback. Stan Williams landed two small specimens. Out Saturday Cmdr. Day of the Navy caught two eight to nine-pound springs, three blues and one jackspring.

Best catches were taken in the waters reaching to the Goldstream end, from McKenzie Bay down. While Lowe got his silver button catch on a plug, most catches were taken on Wonder spoons No. 6-50-50.

CO-OPERATION DINNER MAY 17

It was learned today from president Harry Woolston of the angling club that the dinner meeting between the inlet's professional boatmen and weighers and officials of the association and Chinook Club will be held in the Kit Kat Cafe at 6.30 on the night of May 17. Co-operation between the two factions is the aim.

BASEBALL WORKOUT

Eagles under 18 baseballers will hold a workout at the Victoria High School grounds tonight at 6.30. All players are asked to attend.

Director For B.C.

J. J. Woods, superintendent of the Dominion Experimental Station, Saanichton, has been elected B.C. director of the Agricultural Institute of Canada, a Dominion-wide scientific body of technical workers in agriculture, with locals in every province in Canada.

B.C. has three locals, one in the interior, one in Vancover and the third, Victoria and Islands, of which Mr. Woods is president.

Before taking over his duties as superintendent at Saanichton in 1941, Mr. Woods was senior assistant in horticulture at the Agassiz Experimental Farm. Veteran of World War I, the new B.C. director is a graduate of the University of B.C.

Priority Houses Receiving Lumber

Lumber for priority building of veterans' houses is beginning to arrive in reasonably adequate quantities, Ald. Edward Williams, manager of Victoria Housing Ltd., which is building 150 homes for veterans, said today.

While there is no B.C. lath coming into builders hands, wartime houses are being supplied with carloads of gyproc lath from eastern Canada, which keeps them going.

There is no siding available at the moment, but shakes are being used for outside finishing instead.

Flooring continues to be on the scarce side, but it is coming in fast enough that none of the veterans' houses are being held up at the present time, he said.

Barring possibility of a strike in the lumber industry, he said that the whole pieture so far as lumber supplies are concerned is considerably brighter than it has been for some time.

Special Meeting To Name Delegates

Special meeting of the Oak Bay Progressive Conservative Association will be held June 3 to name delegates to the provincial convention of the party to be held in Vancouver later next month. Purpose of the convention will be to select a successor to the late Attorney-General R. L. Maitland, provincial Progressive Conservative leader.

At a meeting of the Oak Bay group Monday night selection of delegates to the convention was discussed and the decision to hold a special meeting reached.

Two Progressive Conservative cabinet ministers, Finance Minister Herbert Anscomb, who represents the Oak Bay constituency and who had just returned from the Dominion-Provincial Conference's co-ordinating committee discussions in Ottawa, and Trade and Industry and Railways Minister Leslie H. Eyres addressed the meeting.

Mr. Anscomb outlined the position taken by Premier Hart at the conference and explained the Dominion's proposals.

Mr. Eyres spoke of questions concerning his role as railways minister as well as minister of trade and industry. He mentioned the potentialities and extreme wealth of the Peace River country of British Columbia and described it as the area for coming settlement in this province.

Necessity of extending the provincially-owned P.G.E. railway into that area was emphasized, particularly in view of the huge coal resources of the Hudson, Hope and Carbon River areas.

Support to the Oak Bay candidate in the forthcoming May Queen competition was given by the association.

Library Conference

The British Columbia Library Association conference will open in Nanaimo next Monday, with 60 members expected to attend, to discuss matters of importance to the profession: The improvement of the association's finances; the suggestions for activities for the proposed Canadian Library Association, which it is hoped, will give national direction to the library movement across Canada.

Hon. Dr. G. M. Weir, Minister of Education, will speak at the evening session on libraries and adult education, and C. K. Morrison, provincial librarian, has arranged a special institute for rural librarians and their boards. The "Program for Library Development in British Columbia," recently published by the association and the Public Library Commission, which suggests special remedies for the lack of adequate library service in many parts of the province, will also be discussed.

Dutch Teacher Will Tell of Underground

Dein Horstman, Dutch school teacher who served with the Netherlands' underground during the Nazi occupation will speak at First Baptist Church Sunday evening at 7.30. She will tell of Dutch resistance to the invaders and of conditions in Holland today.

Miss Horstman has just arrived from Europe for a two-year stay in Canada and the United States during which she will study North American methods of teaching.

Torontonian to Try For City Auto Medal

A Toronto man, Brig. R. Alex Macfarlane, plans to leave Louisburg, Nova Scotia, soon in an attempt to reach Victoria by car along an all-Canadian route in a bid for the 34-year-old gold medal offered by the late A. E. Todd, former mayor of Victoria, to anyone who could perform the feat, George I. Warren, managing secretary of the Victoria Chamber of Commerce, reports.

At present, the medal is being held in trust by Gilbert D. Christie, Victoria Automobile Club president.

With the ferry between the mainland and Vancouver Island the only exception, rules require any motorist attempting to win the medal not to make a ferry trip of more than 20 miles. The motorist must not travel on railway tracks.

Denies Yugoslavia Under Influence Of Russians

Denial that any Russian influence existed in Yugoslavia was made by Maj. W. M. "Bill" Jones, D.C.M. and Bar, in an interview at the Empress Hotel today. Maj. Jones, a Canadian, was parachuted into Croatia during the war to discover and report the work of the Yugoslav resistance groups and whatever information could be gained on Nazi activities.

The major stressed the impossibility for any Russian influence being felt in Yugoslavia. The Yugoslavs valued their freedom, he said, and had had to fight for it for years against German, Austrian, Italian and Turkish occupations. He believed they would fight to the last against Russian interference.

He pointed out that the Russians, who are Slavs, felt much as Canada does toward England, and would resent any interference as greatly as Canada would if England were to interfere with Canadian affairs.

Maj. Jones traced the growth of the Yugoslav United Front which started its growth from the first German aggression. Men began with their bare fists, sticks and stones in groups of two or three or so and waylaid German soldiers taking their arms and uniforms. From this the heroic resistance groups built up their fighting groups until when, on May 19, 1943, Maj. Jones parachuted into Croatia, he found 50 per cent of the country liberated with 225,000 men and women under arms, 60 per cent of whom had rifles and machine guns.

Tito, the major said, was one of these and rose to commander in chief of the armed forces from a small group of eight men entirely through his ability.

Maj. Jones defended Tito strongly as a simple, honest and frank man who was no dictator and did not wish to be one. There were many Titos in Yugoslavia, he said.

Herbert W. Davey, K.C., counsel for James Brown charged with manslaughter, outlined his defence before an Assize court here today at the opening of the second day of the trial before Mr. Justice Manson. Brown is alleged to have driven a car which struck and killed Patrick John Harris, March 2, at the intersection of Wilson and Catherine Streets.

Mr. Davey submitted there was plenty of room at the intersection and Brown, he said, was changing gears when he first noticed Mr. and Mrs. Harris. The car, he said, was in second gear at the time of the accident.

Counsel said he would produce evidence to show that no one had noticed "abnormalities" in the accused's behaviour.

Accompanied by Mr. Justice Manson, Mr. Davey and Carew Martin, K.C., Crown prosecutor, jurors were taken to the scene of the accident.

Monday afternoon Mrs. Ethel Harris, widow of the victim, told the court that they had been walking along the roadway because of the narrowness of the wooden sidewalk. She told how she had seen a car speeding them as they were crossing the intersection. Her husband, she said, had pushed her out of the way.

"As I got over," she said, "I heard a crash and my husband scream."

Mrs. Harris testified that she saw her husband's body pushed 20 or 25 yards across Wilson Street until it struck the streetcar tracks and the car stopped.

D. H. Lonsdale, H. G. Cuddy, J. L. Moules, J. S. Arsenault, Miss E. M. Rose and Mr. and Mrs. Fred Lepine also gave evidence.

All Provinces Feared Rights In Jeopardy, Reports Anscomb

Finance Minister Herbert Anscomb, back in his office today from the Dominion - Provincial Conference, reported there had been fear on all sides that the Dominion's proposals would result in an even greater centralization of provincial affairs in the hands of the central government in Ottawa.

Mr. Anscomb, who is also leader of the Progressive Conservative group in the B.C. Legislature, expressed keen regret that the conference ended without tangible result. He said he realized many difficulties had to be overcome — the varying viewpoints of the respective provinces —every one of which had different problems to solve other than the prairie provinces which were much alike.

JEALOUS OF RIGHTS

"Every province was extremely jealous of its 'rights' under the constitution and none was willing to give them up, although none was asked to do that as all the suggestions were predicated on the ability to carry them out without change in the constitution," he said.

"But it was recognized on all sides that the whole program would lead to even greater centralization of provincial affairs in the hands of the central government at Ottawa and from that the fear was evident that finally provincial rights would be in jeopardy," he continued.

One of the great difficulties that had to be faced was the fact that the Dominion government had so drastically entered the field of direct taxation heretofore used exclusively by the provinces he said.

"The nine provinces as a complete unit had asked that the federal government withdraw from the field of taxation but Mr. Ilsley stated that was now impossible due to the heavy load now carried by the Dominion government for war costs and the continued increase in the social service field," he said.

Mr. Anscomb referred particularly to the gasoline tax as an example which now nets the federal government $30,000,000 annually from the three-cent a gallon they imposed as a war tax.

"It was the wish of the provinces that this tax be delegated to them as it was the responsibility of the provinces to maintain their road systems—but here again the federal government declined to withdraw from it," he said.

DISCUSSED NORTHERN ROAD

Mr. Anscomb went to Montreal for discussion with R. C. Vaughan, president of the Canadian National Railways, and his associates, regarding the highway constructed by the federal government as a war measure from Prince Rupert to Terrace. Twenty-seven miles of this road is constructed on the C.N.R. right-of-way and the railway holds title to it.

Mr. Anscomb said the conversations were of an extremely happy nature and that while there was legal and other difficulties of an engineering nature to overcome he was satisfied that a solution would be found to the problems very shortly.

Praise was made by Mr. Anscomb to Premier John Hart for his able presentation of British Columbia's case to the conference.

Mr. Anscomb had returned to Victoria by air from Ottawa Monday night.

Two other members of the B.C. delegation, Premier Hart and Provincial Secretary George S. Pearson, who is also Minister of Labor and Commissioner of Fisheries, are expected back Wednesday night. Attorney-General Gordon S. Wismer, K.C., is expected later.

Mr. Anscomb today took over as acting premier until the return of Premier Hart, presiding at the provincial executive council meeting this morning.

Traffic Accidents On Increase

Death and damage toll on British Columbia's highways during March increased substantially over March, 1945, statistics released today by the motor record office show.

Number of accidents increased 70.3 per cent to 644, while the number of persons injured in those accidents increased by 107.9 per cent to 289. Eight persons were killed in March of this year against five in March, 1945. Property damage during March of this year increased by 91.6 per cent to $95,829.

At the same time the office reported the number of licensed motor vehicles and motorcycles had increased by only 5.8 per cent to 123,185.

Statistics for the first three months of the year showed a 51.9 per cent increase to 2,006 in the number of accidents. The number of persons injured was up 49.3 per cent to 781 while the number of deaths was down from 22 to 17.

Property damage increased 59.6 per cent to $280,985.

Dominoes To Be Honored At Civic Reception Here

The Victoria City Council will be hosts to the Victoria Dominoes at a reception luncheon to be held in the Empress Hotel at noon Saturday to pay honor to the members of the local team who last Saturday annexed their fifth Canadian senior A men's basketball crown in an undefeated march across Canada.

Announcement came from John Baxter, mayor's secretary, following a meeting between the chief magistrate and the finance committee this morning.

The mayor will be on hand to welcome the Dominoes back to the city on Friday afternoon's boat from Vancouver. The mayor will be represented by Alderman Ed. Williams next Tuesday night at a reception and dance being accorded the Dominoes by the Victoria Kinsmen Club.

Brig. Lister Faces 4 Charges; Pleads Not Guilty to All

AMSTERDAM (CP) — Brig. J. F. A. Lister of Quebec City today pleaded innocent before a courtmartial here to each of four charges involving misuse of an Amsterdam house requisitioned by the Canadian army.

Brig. Lister's objections to two members of the six-man court were disallowed after 45 minutes' deliberations.

Following are the charges, all relating to a residence which the prosecution states Brig. Lister retained while he was chief-of-staff of the Canadian forces in The Netherlands from Aug. 15, 1945 to Jan. 9, 1946:

1. He improperly used for private purposes a building requisitioned for army use;

2. He fraudently misemployed public-property, causing food and coal to be delivered to this address;

3. (Alternative to 2.) He improperly converted public property in the form of food and coal to his own use;

4. He utilized there for private purposes the services of four Dutch civilians paid from public funds.

The court is headed by Maj.-Gen. Guy Turner of Ottawa and its members are Brigs. W. J. Megill, H. A. Sparling, L. C. Goodeve and G. P. Henderson, with Brig. T. J. Rutherford as a waiting member.

OBJECTIONS VOICED

Brig. Lister entered objections to the presence of Gen. Turner and Brig. Goodeve.

Lt.-Col. C. H. Gage, defence counsel, argued that the army's "mental attitude" toward requisitioned property at the time the alleged offences occurred was only understandable to officers who had accompanied the army through the operation.

"Through no fault of their own, neither Gen. Turner nor Brig. Goodeve did so and the lack of the experience might prejudice the accused," Col. Gage said.

Moreover, Gen. Turner was a personal friend of Brig. Lister.

"The accused has a strong case in his own right," Col. Gage said. "Should the court happily acquit him, he would not want spiteful or malicious persons to say years from now that he had been in any way favored.

"You (Gen. Turner) might also err on duty's side, divesting yourself of all personal feeling so as to be harsher than necessary."

Saanich Farmers Welcome Lifting Of Berry Ceiling

Saanich farmers today welcomed a report from the Prices Board at Ottawa that no ceilings will be imposed this year on fresh strawberries and raspberries.

"That will give the growers some incentive to increase their production," said Councillor W. C. Kersey of Saanich Ward 6, who is one of the authorities on berry growing in the municipality.

Last year, he explained, there were no strawberries on the local market because jam growers offered extra high prices.

He did not think the same condition would exist this year and estimated that the early strawberries probably would bring approximately $8 a crate.

"That will be during the first week of the season and then after that I imagine the berries will find a steadier market," Kersey stated.

The ceiling price on strawberries last year was $4.20 a crate to retailers. To wholesalers the price was slightly lower.

"Maybe the berry growers will be able to sell to wholesalers so there will be a better distribution this year," he said.

Last week Mr. Kersey estimated the 1946 strawberry crop in Saanich as 100 tons. With the news of the lifting of the ceiling price, he believed this amount would be increased slightly. It was rather late for farmers to improve their production, but better care of the strawberry patches would result.

He set June 8 as the earliest date for Saanich strawberries to appear on the market.

Province Assessors Here to Discuss Taxation Problems

Forty B.C. government assessors, from centres throughout the province, assembled in Victoria today for a three-day conference to talk over their problems and exchange information among themselves and with government officials.

Meeting in the members' room at the Parliament Buildings, the assessors this morning were welcomed by Lands and Forests Minister E. T. Kenney, acting minister of finance, in the absence of Finance Minister Herbert Anscomb, who returned from Ottawa to his office later in the day.

Registration for the conference had been effected earlier.

During the morning the convention, which is presided over by J. T. Clark, surveyor of taxes for the provincial government, heard G. P. Melrose, assistant deputy minister of lands; C. E. Hopper, who spoke on co-operation of lands department and assessors branch; D. Sutherland, director of land utilization survey and research, who has charge of land settlement in B.C., and G. S. Andrew, air surveys engineer for the lands department, who spoke on aerial photography as a means for land evaluation.

During the afternoon, Dr. J. P. Walker, deputy minister of mines, spoke on "The Mining Industry and Its Operation and Relation of Taxation to Same." He was followed by Dr. J. B. Munro, deputy minister of agriculture.

The conference follows the same pattern as that held last September for government agents from all parts of the province.

It is hoped in the future to make the conference either an annual or bi-annual meeting for assessors.

Tomorrow the group will consider one of the many problems confronting provincial assessors this year—the implementation of the Cameron report on education costs, which provides for a special five-mill levy on land and improvements for education. Col. F. T. Fairey, deputy minister of education, is scheduled to address the meeting in the morning.

Thursday night the assessors will be guests of the government at a dinner at the Empress Hotel. One or more members of the provincial cabinet is expected to address them.

Following the formal three-day discussions, the group will spend a further day here proceeding with informal discussions and taking up individual problems with departmental heads and other government officers.

Education Centre To Aid Teachers

Considerable expansion of the Educational Centre which is designed to assist elementary schools in Greater Victoria has taken place during the past few months, J. F. K. English, municipal inspector of schools, said today.

It is located in the west building of Central Junior High School, staffed by Miss Marion James and Miss Verna Turner, and open from one to five in the afternoon daily.

The centre functions as a circulating library headquarters for all elementary schools in the area, with sets of books being sent out at regular intervals on an exchange basis.

In addition it supplies music records, reproductions of pictures for art appreciation, and supplementary readers to all schools.

A teachers' professional library has now been added to the centre, and lists of new books are sent out to the teachers regularly.

All sample textbooks received by the school board are placed on display there so that teachers may examine them.

Hart in Calgary

CALGARY (CP) — Premier John Hart of British Columbia is hopeful that when the Dominion-Provincial Conference is again convened, a workable basis of agreement will be found, he said this morning during a brief stopover here on his return to Victoria.

Suggest Towing Garbage Further Before Dumping

In an effort to find some solution to the "garbage on the beaches" problem which has vexed City Councils for many years, Ald. J. D. Hunter, chairman of the public works committee, is investigating costs and feasibility of having the garbage towed out another two miles before it is dumped.

He said today that he had been talking to the men who operate the garbage scows and they felt that if the garbage were towed out further it might catch a tide which would carry it beyond Discovery Island instead of bringing it back into Victoria beaches.

"I would like to see that tried for two or three months to see how it would work," Ald. Hunter commented. "Although we will have to find out first if the costs would be prohibitive."

He said that he was continuing investigations into means of obtaining a garbage crusher, which is generally conceded to be the answer to the problem. So far none have come on the market and there is no indication that a locally-made custom-built crusher would prove efficient.

Schubert Club Closing Recital

The Schubert Club will present the closing recital of the season this evening at 8.15, in the First Baptist Church. The assisting artists are Dudley Wickett, well-known Victoria tenor, and James Gerry, organist of St. Mary's Church. The program will include: Choral, "Oh Skylark for Thy Wing," "My Love Dwelt in a Northern Land"; tenor, "Total Eclipse" ("Samson"), "Secrecy"; choral, "How Sweet the Moonlight Sleeps," "My Johnny Was a Shoemaker"; duets, "Greeting," "I Would That My Love," Marion Inglis, Marjorie Boorman; organ, "Vision"; choral, "None But the Lonely Heart," "A Song of the Sea"; soprano, "My Heart the Bird of the Wilderness," "A Little Song of Life," Maidie Carver; tenor, three Cotswold songs, "Cotswold Love," "Mamble," "A Vagabond Song"; choral, "Goin' Home," "The Sleigh"; choral, "My Heart at Thy Sweet Voice," "Homing."

Vancouver Firm to Build Bridge Near Parksville

Contract for the construction of a steel span across French Creek near Parksville has been awarded by the Provincial Works Department to Western Bridge and Steel Fabricators Ltd., Vancouver, Works Minister E. C. Carson announced today.

Lowest of three tenders, the Vancouver firm bid to do the work for $31,692.28.

Memorial Day Plans Completed

Plans for the Memorial Day service in Beacon Hill Park, Sunday, June 2, and for the special graveside observance June 6, were virtually completed by the Memorial Day committee today, Ald. W. L. Morgan, chairman, announced following the meeting.

The Sunday meeting will be held at the same location as last year in Beacon Hill Park, under trees to the southwest of the bird cages.

Each of the three branches of the armed forces will be asked to send chaplains to the service, and each will be asked for a contingent of 25 men under an N.C.O. The air force will be asked for the loan of an Air Force ensign; the army for a Union Jack, and M.D. 11 military band from Vancouver; the navy for a navy ensign and a bugler to sound Last Post and Reveille.

Ald. Morgan was authorized to meet with the padres and the representative from the Ministerial Association to prepare the program. The Ministerial Association will be asked to suggest a speaker for the main address.

June 6 graveside ceremonies will be held at the naval and army cemetries in Esquimalt at 2, with both army and navy chaplains on hand. The Naval Veterans Branch of the Canadian Legion is in charge of this ceremony.

The ceremony at Colwood Burial Park will be held at 11, attended by the army chaplain and under supervision of the Britannia Branch of the Canadian Legion.

Ceremonies will be held at both Ross Bay Cemetery and Royal Oak Burial Park at 3.

Orders-in-Council

The B.C. government has advanced $21,150 to five interior grasshopper control committees for extermination of the pest during 1946. At the same time the government by order-in-council has appointed committees for the five districts.

Dr. H. A. Macdonald of Squamish has been appointed a coroner to succeed Dr. G. P. Bearman, who has left the district.

Perrie C. Dumaresq of Allison Harbor has been appointed a justice of the peace.

Fined On Driving Charge

Charged with dangerous driving in city police court today, Spr. William Dorosh, R.C.E., was found guilty, fined $30 or in default six days, and was prohibited from driving for one month except for military purposes, by Magistrate H. C. Hall.

Constable W. W. Calwell said the army station wagon driven by Dorosh, had struck a parked car on the north side of Gorge Road.

Children Not To Canvass Slum Areas

The census of school children in Greater Victoria will start next week, and be completed by the end of the month, it was decided at a meeting of school principals Monday, J. F. K. English, municipal inspector of schools, said today.

Students from grades seven and eight will be used to take the census, but care will be taken to see that they are not sent into slum or "undesirable" areas of the city on the canvass. In all probability, Mr. English said, welfare workers or some adult group will do any canvassing necessary in these areas.

An outline of the new administrative organization of the Greater Victoria School District was given by T. L. Christie, secretary of the school board; R. H. Smith, building and grounds superintendent, and W. Dickieson, acting purchasing agent.

Recommend Purchase Of Fire Supplies

The purchase of tires for fire trucks, hose clamps, fog nozzles and 500 pounds of copper wire for the fire department will be recommended to Monday's City Coincil meeting by the fire wardens, Ald. H. M. Diggon, chairman, said today.

In addition it will be recommended that tenders be called for the supplying of 77 uniform tunics and pants.

The remains of the old Whippet machine and other old equipment and parts that Fire Chief Joseph Raymond wishes to dispose of will be sold as junk if the recommendations of the fire wardens goes through.

DEATHS

COLPITTS—Harold Francis, at San Leandro, Cal., on Sunday, May 5, aged 29 years. Born in Victoria, survived by a brother, Robert C. Colpitts of Sidney, B.C., and a sister, Mrs. Helen Hurn of Victoria.

ELFORD—There passed away at St. Joseph's Hospital on May 6, 1946, Sarah Jane Elford, beloved wife of John Herbert Elford, residing at 1119 Ormond Street, aged 76 years; born at Point Edward, Ontario and a resident of Victoria for 70 years. She is survived by her husband: two sons, John P. and Darl O., and a daughter, Mrs. Melville Mayhew, all of this city.
Funeral services will be held in Hayward's B.C. Funeral Chapel, Thursday, May 9th, at 11.15 a.m., Rev. F. Comley officiating. Strictly private. (No flowers by request.)

ENGLISH—There passed away at the home of her daughter, Mrs. Lydia Elizabeth English, aged 81 years, of 1334 Thurlow Road. She was born in England and had resided in Edmonton, Alberta for 34 years before coming to Victoria two months ago. The late Mrs. English is survived by one daughter, Mrs. Major Richard Shaw, with whom she resided.
The remains are resting at McCall Brothers' Floral Funeral Chapel, will be forwarded on Wednesday's boat en route to Edmonton, Alberta; where services will be held and interment made.

EVANS—There passed away in Victoria on May 4, 1946, Mrs. Elizabeth Evans of 1047 Richardson Street, in her 78th year, widow of Henry Hughes Evans, born in Chelsea, London, England and a resident of Victoria for 73 years. She leaves a daughter, Miss Etta H. Evans, at home.
Funeral from Hayward's B.C. Funeral Chapel on Thursday at 3.30 p.m., Rev. J. L. W. McLean officiating. Interment in family plot, Ross Bay Cemetery.

LEWIN—There passed away at the St. Joseph's Hospital on May 5, Robert Henry Lewin, aged 78 years, of 2934 Albina Street. He was born in England and had resided in Victoria for the past 34 years. The late Mr. Lewin is survived by his widow, Lydia, also one brother in Birkenhead, England.
Funeral services will be held in McCall Brothers' Floral Funeral Chapel on Wednesday afternoon at 3 o'clock, Rev. Canon A. E. Greenhalgh officiating. Followed by interment in the Colwood Burial Park.

THOMAS—There passed away at the Royal Jubilee Hospital on May 4, Ivor Thomas, of 1720 Davie Street. He was born in Wales and had resided in Victoria for the past 18 years. The late Mr. Thomas is mourned by his widow, Mary, one son, Arthur of Vancouver, B.C., and three daughters, Mrs. E. Wells of 2518 Bowker Avenue, Mrs. T. MacKinnon of 1720 Davie Street and Mrs. W. Boorman of 748 Island Road. He was a member of Victoria-Columbia Lodge, No. 1, A.F. and A.M.
Funeral services will be held in McCall Brothers' Floral Funeral Chapel on Wednesday afternoon at 2 o'clock, Rev. G. A. Reynolds officiating. Followed by cremation at the Royal Oak Crematorium.

TOLMIE—Suddenly, on May 4, 1946, at St. Joseph's Hospital, Mrs. Frances Clare Tolmie, only daughter of the late Dr. William Rose and Mrs. Rose of 911 Burdett Avenue.
Funeral service in Haywards B.C. Funeral Chapel on Wednesday at 1.30 p.m. Ven. Archdeacon A. E. de L. Nunns officiating. Cremation.

IN MEMORIAM

DAVEY—In loving memory of our dear son, William (Billy) Davey, lost at sea with H.M.C.S. Valleyfield, on May 7, 1944, on convoy duty.

Somewhere in the North Atlantic in a sailor's grave,
Lies our dear son, among the brave.
He never shunned his country's call,
But gladly gave his life, his all.
He died the helpless to defend,
A faithful sailor's noble end.
In memory's garden we meet every day.
—Ever remembered by mom and dad, sister Mary and brothers Stephen and Peter and their families.

BUILDING SUPPLIES CONTRACTORS

HOME BUILDERS SUPPLIES

If you too, have been waiting for lumber we sincerely regret that we have not been able to help you more. However, we now have on hand a small quantity of Drop Siding, Flooring, Finishing Lumber and a supply of 2x6 Door Jambs, which can also be used for casement frames. In the yard is 2x6, 2x8 and 2x10 Dressed Common planks in No. 3 grade. Suitable for many purposes in building; ½x3 and ½x4 Dressed Boards suitable for crating, etc. Also square sawn and split cedar fence posts.

Although we have two main lines to our order desk we find that we cannot cope with telephone inquiries and orders the way we would like to. It is impossible to describe quality and description of many materials and make the decisions as to whether it will do your particular job. If you are in need of the above materials we urge you to call and arrange your buying on the spot. You can inspect the goods and we will deliver your order at an early date.

Now able to supply screen doors and window screens to any special sizes, also cupboard doors and drawers to fit your kitchen. Bring us in your sizes and we can have them ready within a few days. Sorry, we cannot go out on the job and install.

Front View Of Death Car

Hood of the death car which carried the Earl Sleen family, his brother Orin, and a friend, Mrs. Kathleen Wyatt, to almost instant death in the Nanaimo River Bridge crash last Friday midnight, was not damaged badly as shown in the picture taken after it was hoisted from the river Monday afternoon. The body was battered.

Child Victims of Crash

The four Sleen children killed with their mother and father, Mr. and Mrs. Earl Sleen, 641 Ardersier Road, Saanich, in the Nanaimo River Bridge crash, are pictured, left to right: Derrick, three; Douglas, one; Dianne, six, and Denice, nearly five.

Chinese Art Week Successful Event
Visitors from the U.S. and many parts of Canada attended the Chinese Art Exhibit at the Empress Hotel, Sunday, closing day of a very successful Chinese art week, conducted by the University Women's Club.

Mrs. D. L. MacLaurin, president of the club, spoke Sunday evening, thanking Mr. Lau Wing Siu, owner of the paintings from the Kao Weng collection which were exhibited, and Miss Chang K'uh-i, famous Chinese artist, for their contribution. More than 12 organizations participated in the event, and net proceeds will be sent to London to be administered by the International Federation of University Women to aid European sufferers.

Saturday's session was arranged by the Teachers' Federation with Dr. Henrietta Anderson as hostess, assisted by Miss E. Gerwin and Mrs. J. Hankin.

ATLAS THEATRE

No vehicle could more aptly have been chosen to mark Robert Montgomery's return to the screen after an absence of four years on naval combat duty, than "They Were Expendable," which is now at the Atlas Theatre.

This heroic M-G-M picturization of William L. White's absorbing best-seller tale of the part played by Torpedo Boat Squadron No. 3 in the Philippine campaign might have been a slice of Montgomery's own experiences in the war, in which he served as a Lieutenant-Commander in the South Pacific.

RIO THEATRE

Lon Chaney, starring in Universal's current Inner Sanctum mystery, "Pillow of Death," at the Rio Theatre, always wears his own clothes when appearing in a straight role.

The popular actor is seen as an attorney and murder suspect in the new picture. Brenda Joyce and other notables are in the cast. Wallace Fox directed.

'Snatch' and 'Strangle' Films at Dominion

A drama of gripping intensity, RKO Radio's screen version of Robert Louis Stevenson's famous story, "The Body Snatcher," is at the Dominion Theatre, with Boris Karloff in the starring role.

Laid in Edinburgh in the early part of the 19th century, the story deals with the subject of Scottish doctors being compelled to deal with grave robbers and murderers in order to obtain bodies for dissection and study for the advancement of medical and surgical knowledge.

Karloff has never had a more interesting character study, and he brings to it all the light and shade it requires. Henry Daniell makes a strong figure of MacFarlane, almost a fanatic in the cause of the advancement of medical science, and Bela Lugosi is cleverly slimy as his servant, Joseph. Others prominent in the supporting cast are Edith Atwater, Russell Wade, Rita Corday, Sharyn Moffett and Donna Lee.

"The Body Snatcher" is definitely a picture to see—and to remember. Also on the same program, "The Brighton Strangler," starring John Loder and June Duprez.

OAK BAY THEATRE

Remember that recent radio campaign of a cigarette manufacturer which had something to do with the best tunes of all go to Carnegie Hall?

Well, sooner or later all the top motion picture stars wind up at the M-G-M studios in Culver City.

To prove the point, let's take Fred MacMurray, for instance. He spent several weeks on the various stages, his first inside view of the studio, when he worked with Joan Crawford in her latest picture, "Above Suspicion," an exciting filmization of the popular Helen MacInnes' novel of the same name, currently at the Oak Bay Theatre.

Not only was he a great favorite with the cast, such as Conrad Veidt, Basil Rathbone, Reginald Owen, Felix Bressart, Richard Ainley and Bruce Lester, but he also made a terrific hit with the Our Gang comedy lads and lassies. Especially with Buckwheat, the little Negro member of the troupe.

CAPITOL THEATRE

Many popular misconceptions about nuns and their outlook on life will be dispelled after Leo McCarey's new Rainbow Production, "The Bells of St. Mary's," is viewed. Bing Crosby and Ingrid Bergman are starred in this RKO Radio release currently at the Capitol Theatre.

The nuns are pictured as warm-hearted human beings endowed with a delightful sense of humor and a love of laughter. Crosby has the role of Father O'Malley, the new pastor of St. Mary's, and Miss Bergman is Sister Superior Benedict, and some of the picture's most delightful scenes result from tilts between the Father and the nuns as to the best method of rearing and educating the young.

YORK THEATRE

Fredi Washington, beautiful Negro actress playing the role of a faithless siren in "Emperor Jones," current at the York Theatre, has given up the theatre to be the wife of a minister's son. Miss Washington married Lawrence Brown, trombonist in Duke Ellington's orchestra shortly after the production of "Emperor Jones" and her leading role on the stage in "Run, Little Chillun."

SIDNEY GREENSTREET PETER LORRE GERALDINE FITZGERALD in Three Strangers
COMING DOMINION

Inspect Cadets At Junior High School

Annual inspection of the 388th Central Junior High School Cadet Corps was conducted Monday morning by Maj. A. A. Randsom, assistant cadet officer, M.D. No. 11.

March past and advance in review order were carried out under Cadet Lt.-Col. G. Harvey, commanding officer, and Cadet Maj. R. Jackson, second in command.

Included in the inspection were platoon and squad drill, a physical training demonstration and competitive sports.

Maj. Ransom presented football cups, and the Strathcona Trust prize for excellence in physical education was presented to the school by Miss Isla Tuck, school trustee.

Jack Fouracre, physical training instructor at the school, was chief instructor of the cadets. The Victoria School's Band was in attendance.

Robber Persuaded To Return $3.50

VANCOUVER, (CP)—A fast-talking victim here Monday night talked his way back into the $3.50 which had been stolen from him at gun point.

J. E. McPherson reported to the B.C. Police that he was approached by a young, highly-strung man in the city's university district, who produced a gun and demanded money.

McPherson handed over the cash, and then, noting the youth's hesitation, decided to take a chance and try to talk him out of it.

The strategy worked. The nervous gunman thrust the money into his hands and took to his heels.

PLAZA THEATRE

Announced as a spine-tingling murder mystery movie, Universal's "The Crimson Canary," now at the Plaza Theatre, Noah Beery Jr., and Lois Collier have the leading roles in this new thriller which has Danny Morton, John Litel, Claudia Drake and Steven Geray in important parts.

A night club jam band provides the suspects in the murder puzzle and music accompanies most of the film's rapid-fire action. Coleman Hawkins and Oscar Pettiford, the much-publicized Esquire All-American Band Winners, and Josh White, are featured prominently.

South Africans To Visit Shipyards Here July 19

A South African trade commission, which will visit Canada with the object of placing orders for three vessels in Canadian shipyards, is scheduled to arrive in Victoria July 19, it was reported today.

One vessel will be a 9,000-ton motorship of the passenger freighter type; one intercoastal steamer of 4,500 tons and one motorship of 3,000 tons.

The proposed visit of the trade mission was reported at a meeting with Angus McGugan of Ottawa, manager of the Canadian Shipbuilding and Ship Repairing Association, who is at present on the coast to open the annual meeting of major Canadian steel shipbuilding yards in Vancouver and who will attend a dinner given Victoria members of the association at the Empress Hotel Thursday evening.

Inquiries have been received from all over the world for Canadian-built ships, according to Mr McGugan.

5 YEARS OF ACTIVITY

Mr. McGugan, whose organization includes the 17 major shipbuilding and repairing yards in North America, prophesies five years of full shipbuilding activity for Canadian yards.

Recognizing that Canadian shipbuilding costs are averaging 87 and one-half cents per man hour compared with 40 cents in Sweden, Denmark, and the United Kingdom, Mr. McGugan warned that Canadian shipbuilders will have to watch overhead if they are to compete with world shipbuilding interests.

China which has already purchased several coastal vessels of 3,000 tons from Canadian firms, has a full coastal program of 74 coasters to be built outside the country due to economic conditions.

Turkey has also placed inquiries for ships in Canada, and the Turkish trade commission, already in New York is expected to visit the Dominion shortly.

No Agreement Yet In Woodworkers' Talks

VANCOUVER (CP)—A showdown appears imminent between the International Woodworkers of America and the lumber operators, negotiators having reported Monday's meeting 'inconclusive' with no scheduled date for the talks to be resumed.

Union officials said the only commitment made at the meeting was a promise that the latest employer proposals would be considered and an answer given by next Monday.

Harold Pritchett, district president, said a special meeting of the district executive will be held with international officers shortly to "consider the situation."

Latest employer counter-proposals to union demands for a 25-cents-an-hour wage increase, a 40-hour week and union security, include a three-year extension of the industry's master contract with wages to be reviewed annually, and a referendum vote of employees on the offer of a 12½-cents-an-hour wage increase.

R. V. Stuart, representing the employers, said: "Our proposal for extension of the master contract for three years is directed specifically at assuring the union the security it is requesting."

Mr. Pritchett said his group had been prepared to make counter-proposals on wages and hours demands, but did not do so because of the rejection of their arbitration offer. He added that "the employers flatly rejected the union's proposal to arbitrate our demands for union shop and checkoff."

Studebaker Goes Into 1947 Production

SOUTH BEND, Ind. (AP) — Studebaker Corporation today announced its new 1947 model "Champion" and "Commander" models, described by Paul G. Hoffman, company president, as "the first genuine postwar automobiles."

Lower bodies, broader passenger compartments, wider vision windows and fenders absorbed into the bodies are the styling highlights.

In engineering a feature is a new, short, two-section propeller shaft that replaces the conventional single member.

Studebaker is the first of the established companies to go into 1947 model production. Others have decided to carry through the present year with their initial postwar cars, avoiding the customary mid-year shutdown for model changes.

Studebaker produced approximately 24,000 of its first postwar cars and then closed down about a month ago to bring out the new 1947 units.

The Hard-of-Hearing Club will hold its monthly business meeting Wednesday evening, after which the members will join in a farewell party for Miss A. Game, leaving for England.

Disease From Italy Found in Saanich

A case of Infectious Hepatitus, a form of jaundice, has been reported in Saanich, Dr. G. L. Gayton, Saanich health officer, said today and the patient has been isolated for a week to prevent further spread of the disease.

This form of jaundice was one which affected thousands of Canadian soldiers in the Italian campaign Dr. J. L. Murray Anderson, Victoria medical health officer who was chief hygiene officer for the 1st Canadian Corps in Italy, said.

An involvement of the liver causes the characteristic yellow color of the disease, he said, but very little is known about how it is spread. It is known to be a virus disease and in some circles believed to be transmitted by carrier.

It is rarely, if ever, fatal, and the patient is sick for about two weeks, followed by a convalescence of three to four weeks, Dr. Anderson said.

Dr. Richard Felton, assistant medical health officer in Victoria, said that to his knowledge no case of this particular type of jaundice had ever been reported in the city.

Shipyard Workers Plan Strike Vote

VANCOUVER (CP) — A meeting of members of the Marine Workers' and Boilermakers' Industrial Union (C.C.L.) here Monday night ended with a resolution to conduct a strike vote to back up union wages and hours demands.

An estimated 5,000 city shipyard workers will be affected by the decision, William L. White, union president, said.

Date for holding the vote will be set at a special membership meeting next Monday night, he said, adding that the union's 20-man policy committee has held authorization to conduct such a ballot for the last six weeks.

Union members will seek a meeting with employers to discuss their demands for revision of present agreements. The union has announced it will demand a 25-cent-an-hour-wage increase for all workers and a 40-hour-work week.

"Notice has been given to the employers as of May 1 that we desire to enter into negotiations for renewal of our agreement with additional clauses," Mr. White said.

Demonstration Of Fire Barge Planned

There will be a public demonstration of Victoria's fire barge next Wednesday afternoon in the Inner Harbor so that citizens can see how the barge operates from the Causeway, Ald. H. M. Diggon, chairman of the fire wardens, announced today.

At the present time the fire department is getting the pumps and other equipment ready so that the barge will be in first-class working order, he said.

Vancouver Firm Gets Road Surfacing Contract

Provincial Works Department has awarded to Columbia Bitulithic Co. Ltd., Vancouver, contract for $98,715 for bituminous surfacing of 25 miles of highways in the Chilliwack, Delta and Dewdney electoral districts, Public Works Minister E. C. Carson announced today. Tenders were opened Monday noon.

Ask About Poll Tax

WINNIPEG (CP)—The Winnipeg Home Owners' Association, formed in protest against any increase in city taxes, decided Monday night to write Vancouver and Montreal officials in an attempt to discover sources of taxation other than on real estate. Finance Chairman E. R. Gardiner said the organization was interested especially in Vancouver's poll tax.

Coal Strike Settlement Hope Brings General Market Rally

NEW YORK (AP) — Revived hopes for a quick settlement of the coal strike, plus the belief that stocks had been oversold, today enabled the market to celebrate the anniversary of "victory in Europe" with a rally in which virtually all departments participated.

Steels were in front of the covery which got under way before midday. Special issues in the notably "thin" class exhibited strength. Advances were widely distributed near the close. Dealings quickened at intervals.

Canadians were generally stronger at noon. Distillers Seagrams gained 3½ to 111. Dome Mines gained ⅝ to 23⅞ and Canadian Pacific ¼ at 18⅝. Down ⅛ was International Nickel at 36⅝.

Dow Jones averages closed today as follows:

30 Industrials 203.51, up 2.86
20 Rails 63.96, up 0.90
15 Utilities 42.80, up 0.25
65 Stocks 75.97, up 0.98
Total sales, 1,350,000.

Gouzenko Testifies Before Grand Jury

OTTAWA (CP) — Disguised with a pair of dark glasses and accompanied by six members of the Canadian Mounted Police, Igor Gouzenko was brought to the county courthouse here today to testify before the Ontario Supreme Court and jury now deliberating on eight espionage indictments.

The former Russian Embassy clerk, whose disclosures last September set the whole espionage case in motion, spent two hours behind closed doors with the jury and resumed his "disguise" before leaving the building again closely guarded by the R.C.M.P.

Awaiting the grand jury's decisions are eight men facing espionage charges—Capt. Gordon Lunan, Edward Mazerall, Sqdn. Ldr. Fred W. Poland, Matt S. Nightingale, Harold S. Gerson, J. Scott Benning, Durnford Smith and Eric S. Adams.

Canadian Industries Up 33 at Opening, Slips to 18 at Close

MONTREAL (CP) — Industrials, papers and banks moved up from the lower levels of yesterday's softer trends in trading up to the final hour today on the stock exchange and curb market but utilities and golds were heavier. Strength was displayed by selected liquors among the subdivisions of stocks.

Leading gainer in industrials was Canadian Industries B, which opened up 33 and slipped until at the fifth hour it was only 18 up.

Consolidated, M. & O. and International converted losses into gains in papers.

Ottawa Electric, Shawinigan and Brazilian did better in utilities.

In refineries, Imperial and McGill pushed up and Petroleum and B.A. were easier. Noranda, Smelters and Nickel posted increases in metals. MacDonald and Found Lake advanced in junior mines.

Hiram Walker Stands Out In Rising Market With 11½ Gain

TORONTO (CP)—The Toronto stock market had a sizeable recovery late in today's session. Industrials climbed on leadership of liquor stocks and later gold and base metal stocks fell into line and erased early losses. Western oils had a minor index gain at the close.

Hiram Walker stood out in the advance with a gain of 11½ points to 139½ and Distillers Corporation-Seagrams firmed 7 points. The papers and textiles were higher generally and the senior oils were down narrowly.

Gains of 5 to 10 cents were netted in the gold group.

Calgary and Edmonton was higher and Roxana lower. Other western oils showed little change.

Toronto Index:
20 Industrials 200.75, up 3.01
20 Golds 124.49, up 0.46
10 Base Metals 98.59, up 0.93
15 Western Oils 27.82 up 0.11
Total sales 2,00,000.

Calgary Livestock

CALGARY (CP)—Cattle market fully steady.

Monday's receipts: 705 cattle, 16 calves, 296 hogs, 23 sheep. This morning's receipts: 255 cattle, 381 hogs.

Hogs sold Monday at 18.60 for As. Sows 12.60.

Good to choice butcher steers 11.50 to 12.25; good to choice butcher heifers 10.50 to 11.50; good cows 9.00 to 9.50; canners and cutters 4.50 to 7.00; good bulls 9.25 to 10.00.

Few spring lambs sold at 14.00.

Grain

WINNIPEG (CP) — Rye futures retracted from early, moderate gains on the Winnipeg Grain Exchange today and prices finished five to three cents a bushel lower.

The deferred options dropped the five-cent limit in early trading, recovered slightly on meagre buying but all months, with the exception of July, fell the limit again when selling by United States and local concerns returned to the market near mid-session.

May finished at 2.93 bid, July at 2.63½, October at 2.15¾ and December at 2.07½ asked.

There was no export business reported.

CHICAGO (AP)—Profit cashing, which uncovered stop loss orders, depressed the May rye contract the five-cent daily limit in closing grain futures trading here today.

Trading in deferred contracts in oats was active at times, but was marked by declines of only minor fractions from the 83-cent ceiling.

At the close wheat, corn and barley were at their respective ceilings, 1.83½, 1.21½ and 1.26½. Oats were unchanged to ⅛ higher, rye was 5 cents lower.

Big 4 Ministers Grant Romania Boundaries of 1938

PARIS (AP) — The Foreign Ministers' Council agreed today to grant Romania her 1938 boundaries with Hungary and Bulgaria, but adjourned in complete disagreement on questions of Danube navigation and freedom of access to the Black Sea country, a British source said today.

The boundary decision gives Transylvania, disputed by Hungary, to Romania and restores the boundary as it existed before the Hitler and Mussolini-dictated settlement at Vienna during the war. The decision also restores Dobrudja, disputed by Bulgaria, to Romania.

The disposition of Bessarabia, which was annexed by Russia at the time of the Romanian surrender in 1944 and which, in fact, had been occupied by the Russians in an independent settlement in 1940 before Romania entered the war, was not mentioned by the ministers. Presumably its status remains unchanged.

The ministers scheduled a meeting for 5 p.m., to start discussion of the Bulgarian treaty, involving that country's request for cession of Western Thrace by Greece and Bulgarian access to the Aegean Sea.

What was described as a bitter argument arose between Foreign Secretary Bevin of Britain and States Secretary Byrnes of the United States on the one side and Foreign Minister Molotov of Russia on the other when Britain and the United States insisted on freedom of navigation of the Danube, vital commercial artery of Southeastern Europe, and on freedom of trade in Romania for all countries.

Mr. Molotov said the Soviet delegation was "not interested" in discussing the matters and that the ministers should pass on to the next item.

Mr. Bevin had suggested holding a conference on the Danube within six months after signing the peace treaties, British informants said.

He suggested Britain, France, Russia, the United States and the Danubian countries be invited to such a conference. But Mr. Molotov countered that it was strictly a central European problem and, in any case, it should be discussed through diplomatic channels.

University Seamen Leave Esquimalt On Training Cruise

One hundred and one western Canadian university students, members of university naval training divisions of the Royal Canadian Navy in Manitoba, Saskatchewan, Alberta and B.C., sailed this morning from Esquimalt naval base on a two weeks' training cruise which will take them to Port Alberni, west coast of Vancouver Island, Prince Rupert, Stewart and Ocean Falls. Ketchikan, Alaska, also will be visited.

During their 14 days aboard H.M.C.S. Charlottetown, the men will carry out the normal duties of life at sea in a warship. The wartime complement of the Charlottetown has been reduced to 30 for the cruise, so the actual operation of the ship will largely devolve on the students, under the supervision of experienced officers and men.

At each port of call, student-sailors will have an opportunity to go ashore. At Port Alberni they will visit the sawmills and the site of a new million-dollar pulp mill. At Prince Rupert, huge catches of halibut are now arriving at this most northern west coast Canadian port. Stewart is where students may visit the once-extensive gold mining operations. Ocean Falls is the big coast pulp and paper town.

The cruise represents the first peacetime extended sea going training offered the students, and for many it will be the first cruise on salt water.

H.M.C.S. Charlottetown is commanded by Lieut. J. E. Wolfenden, R.C.N. (R.) of Victoria.

War Wives Aboard Ss. Lady Nelson

For the first time since she went into service as Canada's first hospital ship in 1943, the Lady Nelson will arrive in Halifax Wednesday with other than sick and wounded servicemen passengers. When the former Canadian National Steamships flagship completed her last trip to Halifax she was refitted to carry dependents as well as military patients.

Arriving on the Lady Nelson there will be three invalid servicemen going to Vancouver for B.C. points. Traveling to all sections of the Dominion via C.N.R. lines, there will be 209 wives and 16 children.

On her way to New York, Ss. Queen Mary will call at Halifax Wednesday afternoon to disembark 455 wives and 461 children dependents of Canadian servicemen. The Queen Mary is the first ship to bring a greater number of children than wives since the movement of dependents to Canada began more than a year ago. Traveling by special C.N.R. trains, 435 dependents are for western Canada.

NAVY TO PARADE

The Royal Canadian Navy will land an armed detachment of 300 officers and new entry ratings to parade through Victoria at 10.15 tomorrow morning, marking VE-Day anniversary.

The parade route will be as follows: Johnson Street Bridge to Government, south on Government to Fort, east on Fort to Douglas and north on Douglas to Queens Avenue.

Lt. Cmdr. M. G. Sterling, D.F.C., D.S., R.C.N., will be in command of the parade.

Tense Melodrama At Dominion On Friday

Around a golden Chinese goddess of strange powers, Warner Bros. have fashioned their newest mystery melodrama, "Three Strangers," which opens Friday at the Dominion Theatre for three days. It is an absorbing story of murder and suspense. Starring that veteran pair of cinematic evildoers, Sydney Greenstreet and Peter Lorre, and Geraldine Fitzgerald, "Three Strangers" is actually an absorbing modern parallel to the well-known Faust legend, played in intrigue-ridden London just prior to the start of the war.

One Woman's Day

By NANCY HODGES

FOUR O'CLOCK TEA

VICTORIA AND VICTORIAN habits are referred to in a column written by Mary Scott Drynan in a recent issue of the London (Ont.) Free Press.

She centres it around a paragraph from one of Bruce Hutchison's books in which he facetiously speaks of the dowagers at the Empress Hotel who, at 4 o'clock, regularly partake of afternoon tea.

She then goes on to quote a letter received from Victoria which, according to her correspondent:

> ". . . is still a cultural centre where people have leisure to sponsor the arts of music, literature and painting. At the Empress Hotel, the orchestra plays God Save the King at 10 p.m. and at 10.30, quiet reigns."

CAUSE OR EFFECT?

I CAN'T BE QUITE sure in my mind whether that means we still are a cultural centre because the hotel orchestra plays the national anthem at 10, and quiet reigns (sometimes) at 10.30?

Or whether our early habits—as exemplified by the hotel ritual—are the cause of that freshness of mind and outlook which goes with an appreciation of culture?

I suppose in less culture-conscious centres, tired businessmen and their feminine counterparts are so busy burning the midnight oil in night clubs and similar haunts that they are too jaded to appreciate the finer things of life.

PHILISTINES HERE

WELL, I HATE to disillusion my eastern contemporary, but even in Victoria there are some who don't always retire at the hotel's curfew hour.

And we have our Philistines, too, whose only response to culture and art is a look of infinite boredom.

Which perhaps explains why, for so long, the voices crying in the local wilderness for an art gallery or an art centre have gone unheeded—except by a few of the culturally converted.

But it isn't only of Victoria that the eastern columnist writes. She evidently has been led astray about Vancouver, too.

'BEHIND THE TIMES'

ACCORDING TO HER, a young woman who has just returned to London, Ont., from Vancouver thinks people there are "behind the times."

What a nasty blow to Vancouver's most vulnerable spot—its pride in being a thoroughly up-to-the-minute, sophisticated city!

However, the columnist gently chides that brash lassie for her solar-plexus punch at our mainland city thusly:

> "Here, in Ontario, young people plan a home with hardwood floors, a chesterfield set, an automobile, and a "permanent" (the latter refers to the hair not a home) and that seems to be the height of ambition. Anyone with antique furniture, old paintings, old silver is (to them) 'behind the times'."

She follows up that mollifying bit with this kindly dab of soothing syrup:

> "People in Vancouver pride themselves on culture and refinement. They are Victorian in homes and society. They dress for dinner and the theatre."

SHOCK TO SMART SET

THAT BIT ABOUT "Victorian in homes and society" will come as a shock to some of the mainland smart set.

For like many other modern cities—and even in Victoria—there is a growing evidence in Vancouver of the trend away from the Victorian concept of a home as a place for living.

And a substitution in its place of a concept of home as a place in which to sleep, but that's all.

Nostalgically the London writer recalls the days when Ontario had its homes in the real sense of home:

> ". . . before autos took people away on daily jaunts, when they made their own amusements, when they prepared music festivals and amateur operas, when they wore silks and rare jewels, had large homes (now being wrecked) and entertained lavishly."

MAKES FOR PEACE

BUT I AGREE WITH her that our practice of the cup of tea at 4 o'clock makes for sociability and conversation—the latter an art which is almost extinct.

So if the cup of tea at 4 o'clock connotes, to her, the gentle art of leisurely living, I'm with her 100 per cent. And I hope Victoria will long be associated with such delightful customs.

But, as long as there are starving people in the less fortunate spots of the world, let us see to it that it remains just a cup of tea—and not a concomitant of lush cakes and bread which are so badly needed elsewhere.

It won't hurt our conversation to go without such "frills"—and it certainly won't hurt our figures which might benefit from being a little less Victorian!

London Market

LONDON (Reuter)—The return to the stock market of the smaller investor was illustrated amply today by the continuous flow of small buying orders.

In the closing stages it was noticeable that the professional and semi-professional operators also were inclined to take a more active interest.

In industrials, the heavy industries in general were helped by indications that the award of the tribunal dealing with the coal industry will be made known in the near future.
